Newton ARPA Investment

Albemarle Fieldhouse Exterior Improvements - \$50,000

The Albemarle Fieldhouse, built in 1956, is located next to Gath Pool and allows the Parks, Recreation & Culture (PRC) Department to provide summer camps, senior programs, and bathroom facilities for this large recreational complex. The building is located at a critical entrance area to the complex; the building exterior needs attention. It has dutifully served as a workhorse for park guests. Improving the integrity and appearance of this building is important and will be coordinated with the larger pool and park improvement projects slated for construction during 2023 and 2024.
