## Newton ARPA Investment

### Crystal Lake Bathhouse and Parking Lot Improvements - \$40,000

The beach, park and bathhouse at Crystal Lake receive a tremendous amount of welcome day-time traffic through the swim season, as well as some unwelcome activities at night and off-season. Security improvements, including cameras, are needed to deter the unwanted activities and protect the facility. In addition, there are several minor projects at the bathhouse that will improve the user experience and help improve the general building condition. Striping improvements are also needed in the parking lot to better accommodate visitors using accessible parking spots. This package of improvements will improve the 2023 swim season.
