**Subject:** placeholder docket item

To be referred to a committee of the whole

Councilors.... requesting a discussion regarding the use of all one-time money in order to have better context in which to discuss the two existing docket items (xxx-23 and xxx-23). The one-time money discussion should include free cash as well as potential overlay surplus funds not needed for overlay surplus and any other one-time funds to be considered spent in FY23.

Becky - i talked with Carol and we definitely think the discussion overlay surplus would not be covered by the existing docket items. the idea is to send this in as a placeholder as we work on this docket item. Please feel free to edit.

Susan
