### Docket item:

Councilors Albright, Grossman, Oliver request a discussion with the law department and each city department regarding the use of revolving accounts with possible ordinance amendments if needed. The discussion will focus on existing revolving accounts, compliance of each account with DLS regulations and other legal requirements, known origin(s) of the accounts, and how the accounts are currently being used, in terms of funds collected and dispensed. The goal is to review that the use of funds matches the ordinance governing the fund and to amend the ordinances if needed to make them agree with the purposes of the fund and to meet current state requirements that define revolving funds.

Susan Albright, President  
Newton City Council  
Councilor-at-Large, Ward 2
