Subject: New Docket item re campaign communications

[DO NOT OPEN links/attachments unless you are sure the content is safe.]

Carol would you docket this for us. Maura O'keefe is 100% in support of this and is working on the language, where it would be placed in our ordinances, and how it would be enforced.

P/S committee

Councilors Albright, Lipof, and Krintzman requesting an ordinance as a supplement to the state campaign finance laws which would ensure that any communication that references an election or a candidate that is distributed by any means in the City of Newton within 90 days of an election must identify the person or persons responsible for the communication.
