I apologize, but it appears we had this already on the Inaugural docket, referred to Land Use.

#34-22 Discussion with city staff regarding the new permitting software

COUNCILORS LAREDO, NORTON, CROSSLEY, MARKIEWICZ, WRIGHT, AND BAKER requesting periodic updates and discussion with the Planning, Inspectional Services and Information Technology Departments regarding process improvements and the benefits of the implementation of the new permitting software.

I added our Committee Clerk, Jen, so this can be amended during a committee meeting to change Councilor Markiewicz as the lead and add Lipof and Kelley as co-docketers.

Sincerely,

Carol Moore, CMC
City Clerk/Clerk of the Council

Marc and Carol,

I think this is fine. Thanks Marc, and thanks for following up Carol. I think you can add Rick Lipof and Andrea Kelly as well, but I will double check on this and get back to you, but we should make the docket cut off

Chris

Good morning,

Should we keep the docket item worded as below? We can revise it until 5 pm today or we can pull it from the docket if you'd like to spend more time on it.

Thank you,

Carol

Hi Chris,

I added this to the Docket item, let me know what points you would like to add.

Councilors Markiewicz, Laredo , _____ requesting periodic updates and discussion with the Planning, Inspectional Services, and Information Technology Departments regarding process improvements and the benefits of the implementation of the new permitting software.

-Carol

Carol,

I would like to follow up on a request to edit the docket item referred to in the subject line. Marc started it, but this was one I was going to docket so it's easier just to have us get together on it now.

Regards,

Chris
