i think this should go to the Law Department as well. Ouida had a whole discussion with many of us about what we can and can't do. I'll sign on.

Good Afternoon,

Please let me know if you would like to be a co-docketer on the following item:

Councilors Laredo, _____ requesting a discussion with the Planning and Development Department regarding how the City Council currently sets mitigation contributions and fees for special permit projects and the establishment of standards for such contributions and fees. I think this should go to Land Use.

Thanks,
