Page: 1 of 3 07/29/2022 09:08 AM

ORDERED:

That the Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of a SPECIAL PERMIT/SITE PLAN APPROVAL to amend Special Permit #372-94 and extend the structure's nonconforming height as recommended by the Land Use Committee for the reasons given by the Committee through its Chairman, Councilor Richard Lipof:

1. The site in a Mixed Use 1 zoning district is an appropriate location for a structure with the proposed extended nonconforming roof height as it is abutted by commercial and manufacturing uses. (§7.3.3.C.1)
2. The structure with the proposed extended nonconforming roof height will not adversely affect the neighborhood as it will have limited visibility from adjoining properties and public ways and the proposed addition's height will not exceed the building's existing maximum height. (§7.3.3.C.2)
3. The structure with the proposed extended nonconforming roof height will not create a nuisance or serious hazard to vehicles or pedestrians. (§7.3.3.C.3)
4. Access to the site over streets is appropriate for the types and numbers of vehicles involved. (§7.3.3.C.4)
5. The proposed extended nonconforming roof height will not be substantially more detrimental than the existing nonconforming roof height to the neighborhood as it will have limited visibility from adjoining properties and public ways and the proposed addition's height will not exceed the building's existing maximum height. (§7.8.2.C.2)
