Please tell us about yourself and why you want to serve.

**Why are you interested in serving on a board or commission?**

I have been serving as a member of the Conservation Commission since 2008 and was an associate for several years prior to that. As my current term is soon ending, I would like to be reappointed to serve again for another 2-year term. I am a retired professional with a PhD in Geology who has worked in the petroleum industry for several years early in my career, then taught environmental science courses at Boston College for more than 20 years as an adjunct professor. I am also a past Secretary of the Newton Conservators, and drafted all of the maps for the Conservators's 2003 booklet "Walking Trails in Newton's Park & Conservations" and its two subsequent revised editions. During that process, I've walked all of those trails (usually more than once) in order to accurately draft the maps, I gained a good working knowledge of the open spaces of Newton.

Dear Mayor Fuller,

I have been serving as a member of the Conservation Commission since 2008 and was an associate for several years prior to that. As my current term is soon ending, I would like to be reappointed to serve again for another 2-year term.

As a retired professional geologist, my résumé has not changed since my last re-appointment.

I look forward to hearing from you, and the best to you as you lead the City of Newton through this very difficult time.

Sincerely,
