

To whom it may concern,

Good Afternoon!

My name is Rajit Gupta and I live at 11 Edgewood Rd, Newton, MA. I am writing in support of Carmine Senatore and Anna Laura Di Martino's application for a special permit for house plans at 4 Edgewood Street. I have had the chance to review the proposed addition and spoke with Carmine about the project. I approve of the plan and application for the special permit. I think the addition fits in with the other buildings in the neighborhood. We recently moved in the neighborhood and Carmine and his family have been great neighbors and I support their application for a special permit to create more space for their family.

Please reach out to me anytime at 617-230-8634 if you have any questions.

Sincerely,
