I have been a member of the Mayor's Committee for people with disabilities since November of 2005. My background in special education has made this a logical placement. This has been a rich experience for me. It gave me an opportunity to work to enable disabled people to achieve equal access to community life through our advocacy. There has been improved accessibility to public facilities, parks and recreation, commercial buildings and the streets of Newton. We have recommended \$150,000 in community block development grants to improve accessibility throughout the city. Mayor Warren has encouraged and assisted the Committee to achieve new status as a commission. This will allow the 35 year old group greater permanence with stronger opportunity to improve the lives of the disabled. My appointment to the Commission on Disabilities was confirmed by the Board of Aldermen at its March meeting on March 12, 2011.

In 1973, the Human Rights Commission was established to "ensure mutual understanding and respect among all persons in this city by promoting acceptance of diversity and combating discrimination". As a member of the advisory council and as a commissioner, I have worked to strengthen this statement. Newton continues to expand in the diversity of its population. It is essential that we protect the rights of all inhabitants, no matter what nationality, race, religion, chronological age, ability or sexual orientation. I have participated in the organization and presentation of a variety of programs: Israel Palestine, conversations for peace, Understanding immigration, reality of school desegregation, Race, the power of an illusion, Darfur awareness, civil liberties in a time of crisis and Highschool students speak out and honors and awards programs. I have a deep belief in justice, human rights and equal

opportunity, as well as access within our human community.

On December 10 the Human Rights Commission presented the annual awards to a unique couple. Dr. Arese Carrington and her husband Walter are currently residents of Newton. They have exemplified a respect and compassion for humanity. Dr. Carrington described the results of terrorism, prejudice and war and the ensuing destruction to human rights. Walter described the effects of prejudice within the suburban community. He said "It is easier to vote for a black man, than to have him living next door. Arese and Walter Carrington were inspirational. They have shown us the path. Now it is up to us to follow it.
