ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to allow an additional parking stall within the front setback and a second front entrance as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Richard Lipof.

1. The site is an appropriate location for the proposed additional parking stall within the front setback due to the site's topography and existing parking in the front setback. (§5.1.7.A, §5.1.13, §7.3.3.C.1)
2. The site is an appropriate location for a second front entrance on Oliver Road because it is taking the place of the existing garage entrance. (§5.1.7.A, §5.1.13, §7.3.3.C.1)
3. The additional parking stall within the front setback and second front entrance will not adversely affect the neighborhood due to the overall reduction of impervious paving on the site and the front entrance is replacing an existing garage door. (§5.1.7.A, §5.1.13, §7.3.3.C.2)
4. There will be no nuisance or serious hazard to vehicles or pedestrians. (§5.1.7.A, §5.1.13, §7.3.3.C.3)
5. Access to the site over streets is appropriate for the types and numbers of vehicles involved. (§5.1.7.A, §5.1.13, §7.3.3.C.4)
6. Literal compliance with the allowed number of parking stalls within the front setback is impracticable because the site is constrained in alternate locations for parking outside of the front setback and the additional parking stall utilizes existing driveway area. (§5.1.7.A, §5.1.7.C, §5.1.13)
