Subject: Docket item concerning November Election Details

Hi Jonah and Chief,

I need to make a docket item for the 9/19 Council meeting to have it on the PS&T agenda in October for approval before the Nov 8th election. Here is draft language. We should add wording to make this order cover all future elections until changes are needed.

#XXX-22 Discussion on recent police officer detail for State Primary and Request for authorization on the number of police officers detailed at each polling place for all future elections
THE CHIEF OF POLICE and CITY CLERK, in accordance with MGL Chapter 54, section 72, requesting approval of a detail of a sufficient number of police officers and staffing hours for each polling place to preserve order and to protect the election officers from any interference with their duties and to aid in enforcing the laws relating to elections. The Chief of Police, in consultation with the City Clerk, will report on the State Primary details and provide a plan for providing police officers at polling locations in the number required by the City Clerk to meet this obligation.

Thank you,

Carol Moore, CMC
City Clerk/Clerk of the Council
City of Newton
