

**CITY OF NEWTON
MASSACHUSETTS**

PETITION for GRANT OF LOCATION

To the Petitioner:

City of Newton Ordinance Section 23-52 requires that each petition for grant of location be submitted to the City Council before it is sent to the Public Works Department for a preliminary review. The comments of the Public Works Commissioner will be part of the record submitted to the City Council. Upon filing with the City Council, the petition will be scheduled for a public hearing before the Public Facilities Committee of City Council. **The petitioner is responsible for insuring that the petition is complete and all required materials are in order for review.** Attached please find the City Engineer's Standard Requirements for Plans and the Department of Public Works Permit Processing brochure.

Grant of Location Process:

1. Applicant submits completed Petition Form and required materials to the City Council
2. Public Works Department conducts preliminary review and gives written comments to the applicant
3. Engineering Division files Petition Form with comments with the Clerk of the City Council
4. City Council schedules petition for a public hearing before the Public Facilities Committee of the City Council
5. Public Facilities Committee recommendations are forwarded to the City Council for a final decision

Questions may be directed to:

Lou Taverna, City Engineer, 617-796-1020

Cassidy Flynn, Clerk of the Public Facilities Committee 617-796-1213

Stamped Plans

DATE AND COMMENTS:

RECOMMENDATIONS:

This request is being made on behalf the Parks & Recreation Dept., the current resident @ #170 Lake Ave is on an aerial feed that goes through Livingston Cove from two utility poles. As part of the Cove Beautification project the the two poles will be removed so an underground service is necessitated to continue service to this resident

while eliminating the overhead wire and two poles. The contractor of record shall obtain a Sidewalk Crossing & Trench Permits w/DPW prior to any construction. Pedestrian access shall be accommodated for the duration in accordance with the DPW requirements. Siltation control shall be placed & maintained in the catch basins w/in the construction zone. Upon completion an as built shall be submitted to the DPW. All restoration shall be in kind to current standards.

*John Daghljan, Associate City Engineer
