Re: Committee Assignments for 2024-25 Term
Date: December 19, 2023

We are grateful for the time that each of you has spent with us and with your colleagues in your ward as we have considered the make-up of our seven standing Committees and who should serve as their chairs and vice chairs. Working closely together, we believe that we have chosen the best person for each role – understanding that in many instances this meant making difficult choices among well-qualified colleagues. In doing so, we paid careful attention to making sure that leadership roles are distributed fairly and Committees represent a diversity of views.
