CITY CLERK
NEWTON, MA. 02459

#265-23
43 Crafts Street

CITY OF NEWTON

IN CITY COUNCIL

September 5, 2023

ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to extend a nonconforming residential use to allow a three unit multi-family dwelling, to extend nonconforming front, side, and rear setbacks, to allow up to 36 feet in height, and waives from the parking requirements as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Richard Lipof:

1. The proposed nonconforming residential use with three units in a multi-family building will not be substantially more detrimental than the existing nonconforming single-family residential use is to the neighborhood because it is in an area with a diverse mix of uses. (§7.8.2.C.2)
2. The specific site is an appropriate location for the proposed project in the Manufacturing district because it supports several goals of the Comprehensive Plan, including creating modestly sized dwelling units close to public transit. (§7.3.3.C.1)
3. The proposed residential project as designed will not adversely affect the neighborhood because it largely maintains the footprint of the existing dwelling and there is a mix of uses nearby. (§7.3.3.C.2)
4. The proposed residential project will not create a nuisance or serious hazard to vehicles or pedestrians because the driveway location is being maintained. (§7.3.3.C.3)
5. Access to the site over streets is appropriate for the types and numbers of vehicles involved. (§7.3.3.C.4)
6. Literal compliance with the parking requirements is impractical due to the size and shape of the lot, which is undersized and located on a corner lot, and therefore has limited space to accommodate additional parking. (§5.1.13)

PETITION NUMBER: #265-23

PETITIONER: Kosher K LLC

LOCATION: 43 Crafts Street, Ward 1, Newton, on land known as Section 14 Block 23 Lot 11, containing approximately 1,789 sq. ft. of land

OWNER: Kosher K LLC

ADDRESS OF OWNER: 321 Walnut Street, #411
Newton, MA 02460

TO BE USED FOR: Construction of a three unit multi-family dwelling with relief to extend a nonconforming residential use, to extend nonconforming front, side and rear setbacks, to allow up to 36 feet in height, and waivers for parking.

RELIEF GRANTED: Special Permit per §7.3.3:

- To extend a nonconforming residential use (§4.4.1, §7.8.2.C.2)
- To extend a nonconforming front setback (§4.3.3, §7.8.2.C.2)
- To alter and extend the nonconforming side setback (§4.3.3, §7.8.2.C.2)
- To alter and extend the nonconforming rear setback (§4.3.3, §7.8.2.C.2)
- To alter and extend the nonconforming parking setback (§4.3.3, §7.8.2.C.2)
- To allow a building with a height of 32.9 feet (§4.3.3)
- To waive three parking stalls (§5.1.4, §5.1.13)
- To reduce the width of parking stalls (§5.1.8.B.1, §5.1.13)
- To reduce the depth of parking stalls (§5.1.8.B.2, §5.1.13)

ZONING: Manufacturing

Approved, subject to the following conditions:

1. All buildings, parking areas, driveways, walkways, landscaping and other site features associated with this special permit/site plan approval shall be located and constructed consistent with:
 - a. Site plan prepared by VTP Associates, signed and stamped by Joseph R. Porter, Professional Land Surveyor, dated June 27, 2023
 - b. A set of floor plans and elevations prepared by Rav & Assoc. signed and stamped by Richard A. Volkin, Professional Engineer, dated February 10, 2023:
 - i. "Proposed floor plans" (A-1)
 - ii. "Proposed elevations" (A-2)
2. Prior to the issuance of any Building Permit pursuant to this Special Permit/Site Plan Approval, the Petitioner shall provide a final Operations and Maintenance Plan (the "O&M Plan") for stormwater management to the Engineering Division of Public Works for review and approval, should a system be required. Once approved, the O&M Plan must be adopted by the Petitioner and recorded at the Middlesex South District Registry of Deeds. A copy of the recorded O&M Plan shall be filed with the Engineering Division of Public Works and submitted with the Building Permit application.
3. The Petitioner shall do the following to remediate pest and rodent activity:
 - a. Prior to issuance of any demolition or building permit, the Petitioner, at its sole cost and expense, shall hire a licensed Pest Control Operator to assess the property for pest and rodent activity and develop and implement a pest remediation action plan to eliminate the activity and prevent off-site migration. The plan shall include the target pest, the methods for eliminating activity, and plan for preventing pest migration off-site during demolition and construction.
 - b. A copy of the Pest Control inspection report and the remediation action plan shall be submitted to the Inspectional Services Department for review and approval prior to issuance of any demolition or building permit. A copy of such approval shall be provided to the Department of Planning and Development.
 - c. The Pest Control Operator shall implement the approved remediation action plan, monitor the site for the duration of the project, and take whatever action the Operator deems necessary to control pest infestation and migration.
4. Prior to the issuance of any Building Permit, the Petitioner shall submit a Construction Management Plan (the "CMP") for review and approval to the Commissioner of Inspectional Services, the Director of Planning and Development, the City Engineer, and the Chief of the Fire Department. The CMP shall be in compliance with all applicable policies and ordinances in effect at the time of submission. The Petitioner shall comply in all material respects with the Construction Management Plan, which shall be consistent with and not in conflict with relevant conditions of this Order and shall include, but not be limited to, the following provisions:

- a. 24-hour contact information for the general contractor. This information shall also be posted in a clear and visible manner at the construction site.
 - b. The proposed schedule of the project, including the general phasing of the construction activities and anticipated completion dates and milestones.
 - c. Site plan(s) showing the proposed location of contractor and subcontractor parking, on-site material storage area(s), on-site staging areas(s) for construction materials and delivery vehicles and equipment, and location of any security fencing and erosion control.
 - d. A plan showing temporary pedestrian access within work zones in accordance with DPW Policy.
 - e. Proposed methods for dust control including, but not limited to: watering, covering trucks for transportation of excavated material; minimizing storage of debris on-site by using dumpsters and regularly emptying them; using tarps to cover piles of bulk building materials and soil; locating a truck washing station to clean muddy wheels on all truck and construction vehicles before exiting the site.
 - f. Proposed methods of noise control, in accordance with the Revised Ordinances, §20-13. Staging activities should be conducted in a manner that will minimize off-site impacts of noise. Noise producing staging activities should be located as far as practical from noise sensitive locations.
 - g. Tree preservation plan to define the proposed method(s) for protection of any existing trees to remain on site.
 - h. The CMP shall also address the following: safety precautions; anticipated dewatering during construction; site safety and stability; and impacts on abutting properties.
5. All appliances and utilities for the building shall be all-electric, including heating and cooling.
6. No building permit (other than a demolition permit) and unless otherwise specified shall be issued by the City pursuant to this Special Permit/Site Plan Approval unless all applicable terms and conditions have been complied with and the Petitioner has:
- a. Recorded a certified copy of this Special Permit/Site Plan Approval at the Middlesex South Registry of Deeds and filed proof of such recording with the City Clerk and submitted a copy with the building permit application.
 - b. Submitted final engineering, utility, and drainage plans, and a recorded copy of the O&M Plan with the Middlesex South District Registry of Deeds and provided a copy of the recorded document to the City Engineer in accordance with this Order.
 - c. Submitted a Final CMP for review and approval by the Commissioner of Inspectional Services in consultation with the Director of Planning and

Development, the Fire Department, the Commissioner of Public Works, and the City Engineer in accordance with this Order.

- d. Received approval for the Pest Control inspection report and the remediation action plan and submitted a copy of such approval to the Director of Planning and Development in accordance with this Order.
 - e. Obtained a written statement/sign off from the Planning Department that confirms the Building Permit plans are consistent with plans approved in Condition #1 including all dimensional requirements.
7. No certificate of occupancy (temporary or final) shall be issued by the City pursuant to this Special Permit/Site Plan Approval unless all applicable terms and conditions have been complied with for the portion of the project for which occupancy is requested and the Petitioner has:
- a. Filed with the building permit record statements by a registered architect (or professional engineer) and a professional land surveyor (or professional engineer) certifying compliance with Condition #1, including the as built FAR, for the portion of the project for which occupancy is requested.
 - b. Submitted final as-built survey plans in digital format, stamped and signed by a professional land surveyor or professional engineer, as applicable, for the portion of the project for which occupancy is requested.
 - c. Filed with the building permit record a statement by a registered landscape architect certifying compliance with the landscape plan referenced Condition #1.
 - d. Obtained approval from the City Engineer certifying that all engineering details for the portion of the Project for which a certificate of occupancy is requested have been constructed to standards of the City of Newton Public Works Department.
 - e. Filed with the Department of Inspectional Services a statement by the Director of Planning and Development approving final location, number and type of plant materials, landscape features, fencing and parking areas related to or for the portion of the Project for which a certificate of occupancy is requested.
