Agenda Items

The Committee will conduct a public comment session beginning at 7PM as a hybrid event; you are invited to join us either at via Zoom, or in-person at City Hall. In an effort to hear from as many of the public as wish to speak, we are going to limit each speaker to 3 minutes, and we will alternate online and in-person speakers.

We hope to hear your thoughts on how we can provide increased transparency and improve communications in Newton.
