

Programs & Services Committee Report

City of Newton In City Council

Wednesday, March 20, 2024

Present: Councilors Krintzman (Chair), Oliver, Malakie, Humphrey, Baker, and Farrell

Absent: Councilors Micley, and Lobovits

Also Present: Councilors Albright and Wright

City Staff: Carol Moore, City Clerk/Clerk of the Council; Anthony Ciccariello, Commissioner of Inspectional Services; Deb Finamore, Administrative Assistant; Jennifer Wilson, Assistant City Solicitor; Jonathan Yeo, Chief Operating Officer; and Jaclyn Norton, Committee Clerk

For more information regarding this meeting, a video recording can be found at the following link: [Programs and Services Committee - March 20, 2024 \(youtube.com\)](https://www.youtube.com/watch?v=...)

#26-24 **Discussion and possible Home Rule Petition regarding moving Newton's municipal elections to even years along with federal and state elections**
COUNCILOR ALBRIGHT requests discussion, development of a home rule petition, and amendments to the mechanics described in the charter and/or ordinances to implement a change in Newton's municipal elections to the even years, in concert with federal and state elections to improve voter turnout in local elections.

Action: **Programs & Services Held 6-0**

Note: The docketing Councilor noted an editorial in the Boston Globe that was published following the 2023 Municipal Election. This editorial is attached and urges Massachusetts to change municipal elections to commence on even years instead of odd years. In speaking with the UMass Boston Collins Center, she also found out that several other communities are exploring this option and that the Secretary of the Commonwealth is not in favor of this. Other locations to enact a similar provision include New York, California, Oregon, and Boulder, Colorado. There was also a similar provision in the state of Washington that failed. City Clerk Carol Moore presented the attached slides which described voter turnout along with the cost that the city incurs when conducting a citywide municipal election.

In response to a Councilors question, Ms. Moore noted that local races would be on a separate ballot but could be included in the same envelope as vote-by-mail ballots for state and federal elections. She also described that if adopted this would require the term of the city council and mayor at the time to be extended by one year. A Councilor asked if this would also be true for

the Neighborhood Area Council elections. Ms. Moore responded that the term for them would also be extended by one year to bring it in line with the other municipal elections. The Chair noted that this would result in a change to the charter which requires a home rule petition with 2/3rds approval by the City Council and Mayoral approval. This petition would then be submitted to the state legislature and be subject to their approval.

Multiple Councilors noted opposition to the proposal citing that this could decrease visibility of local elections along with inhibiting new candidates from running for local office. A Councilor did note previous times that the state has changed the time when elections are held. This Councilor also looked at the results of the 2020 Presidential Primary which also had a separate ballot for a municipal issue and stated that the number of blank votes is consistent between the state and municipal elections.

The Committee asked the docketing Councilor and Ms. Moore to do more research into the other communities that have enacted these measures. Committee members voted 6-0 on a motion to hold from Councilor Oliver.

#90-24 Requesting update on leaf-blower landscaper registration and enforcement ordinance

COUNCILORS BAKER, MALAKIE, LOBOVITS, WRIGHT, BLOCK, AND FARRELL requesting a discussion with the Commissioner of Inspectional Services and the Chief of Police, and responsible members of their Departments as to the progress in securing compliance with the leaf-blower provisions of Newton's noise ordinance requiring landscaper registration and lawful operation of noise-compliant equipment, including the reporting and enforcement work by those Departments.

Action: **Programs & Services Held 6-0**

Note: The docketing Councilor described the current state of the ordinance along with noting that this ordinance has been reviewed by the Committee multiple times. The Inspectional Services Department to enforce this ordinance has hired an individual on a part-time basis, and they have been successful in enforcing the ordinance. When they are not working, the police department handles this enforcement. This enforcement is also against the company and not the employee. The Chair added that the homeowner however does become responsible if the landscaper is not registered with the City. Anthony Ciccariello, Commissioner of Inspectional Services; and Deb Finamore, Administrative Assistant, handed out the attached backup material that provided an update on registration along with a copy of the brochure and violation doorknocker. Due to these items not being submitted 48 hours in advance of the meeting (Article 1 Section 5(C)(1) of Council Rules), Committee members voted 6-0 on a motion to suspend the rules from Councilor Baker.

Ms. Finamore provided the Committee with an overview of the public NewGov portal on the City's website which can provide up-to-date reports on both registration and violations issued. A

link to the portal can be found [here](#). A Councilor asked how issues are handled if a city contractor is found to be violating the ordinance. Jonathan Yeo, Chief Operating Officer, responded that in those cases individuals can contact the City and the City will work to make sure that no further violations occur. Regarding the timeline to pay a fine when incurred, Ms. Finamore noted that the recipient has 21 days to pay the fine and during the discussion stated that multiple fines can be incurred at the same time if multiple provisions are violated. Mr. Yeo also stated the importance of leaving a voicemail for the leaf blower enforcement officer as those help provide intel for future patrols. A Councilor noted a desire to have the police chief present at a future conversation due to the off-hour enforcement duty of that department. Councilors also proposed potentially looking at extending the prohibition on gas leaf-blowers.

Councilors voted 6-0 on a motion to hold from Councilor Baker.

#134-24 Reappointment of Matthew Volpi to the Commission on Disability
HER HONOR THE MAYOR reappointing Matthew Volpi, 44 Oakmont Road, Newton Centre as a member of the Commission on Disability for a term of office set to expire on April 30, 2027. (60 Days: 05/03/2024)

Action: **Programs & Services Approved 6-0**

Note: The Chair read the item into the record. Councilors citing no objections voted 6-0 on a motion to approve from Councilor Baker.

#135-24 Reappointment of Sandra Lingley to the Commission on Disability
HER HONOR THE MAYOR reappointing Sandra Lingley, 1938 Washington Street, Newton as a member of the Commission on Disability for a term of office set to expire on December 31, 2026. (60 Days: 05/03/2024)

Action: **Programs & Services Approved 6-0**

Note: The Chair read the item into the record. Councilors citing no objections voted 6-0 on a motion to approve from Councilor Krintzman.

The meeting adjourned at 8:39 pm.

Respectfully Submitted,
Josh Krintzman, Chair

Massachusetts should move local elections to even-numbered years

Holding local elections in odd-numbered years instead of aligning them with even-year federal and state elections effectively cuts voter turnout in half.

Shifting to even-year local elections could improve representation both in the electorate and among elected officials. David Goldman/Associated Press

Seemingly every week, a new poll reaffirms the dismal state of US politics and low levels of trust in the political system. Recently, [Pew Research Center](#) reported that just 4 percent of Americans surveyed say that the US political system is working very well. In a Tufts Tisch College poll, [more than half](#) of young Americans — ages 18 to 29 — surveyed think the country is headed in the wrong direction. Restoring faith in democracy will require action at all levels of government to bring a broader spectrum of people into the process.

A simple cost-saving step would ensure more voices in Massachusetts are heard: Move local elections to even years.

Holding local elections in odd-numbered years instead of aligning them with even-year federal and state elections effectively cuts voter turnout in half. Younger voters and voters of color are especially impacted. [Research](#) focused on local elections in California, which has moved to even-year local elections, shows that when local elections coincided with higher-visibility federal elections, turnout among younger voters nearly doubled. Turnout by Latinx and Asian American voters also increased significantly, and city voters looked more like the city's residents overall.

In the current system, turnout in local elections is low. Despite a hotly contested open mayoral race in 2021, turnout in Boston was [28.9](#) percent. In New Bedford that same year, it was [just 11](#) percent. Moving city elections to federal election years, when media attention, campaign outreach, and resources dedicated to voter engagement are far greater, would provide the impetus for more voters to participate in local decisions.

In addition, the voting population is often [poorly representative](#) of our communities as a whole. Shifting to even-year elections could improve representation both in the electorate and among elected officials. Research shows that this change improves turnout among demographic groups that are currently less well represented in local elections in Massachusetts, and according to one nationwide [study](#), jurisdictions with higher turnout have a higher share of racial and ethnic minorities on their city councils, even after controlling for factors like city demographics.

Moreover, moving to even-year elections may save cities and municipalities money. Election administration is costly. The [budget for Boston's election department](#) this fiscal year is nearly \$7.8 million. That figure includes a 13 percent increase over last fiscal year to account for the fact that voters in Boston will head to the polls three times in the current fiscal year: for a municipal preliminary, a municipal general election, and a presidential primary. Reducing the number of elections the department must administer could result in substantial savings for local taxpayers.

Moving to even-year elections is doable. In Massachusetts, municipal election dates are set by each city's charter. Currently, the charter of every city in the Commonwealth provides for elections to take place in November of the odd year. Many local officials operate under a misperception that this arrangement cannot be altered, in part because Massachusetts law on the subject can seem convoluted. However, election timing can be changed with legislative approval through a process known as a "home-rule petition." Massachusetts cities should undertake this process, and the Legislature should approve these efforts. The Legislature could also facilitate such changes by amending state law to give cities the ability to align local and state election dates by right.

On Tuesday, voters throughout Massachusetts will go to the polls. They will select local officials to oversee a range of decisions impacting day-to-day life: the education of our children, the condition of our roads, and much more. These local elections are important and should not be happening this year. To support robust democratic citizenship and responsive government, local and federal elections should align in the same calendar year.

Kei Kawashima-Ginsberg is director of the Center for Information & Research on Civic Learning and Engagement at Tufts University Tisch College. Peter Levine is a professor of citizenship and public affairs at Tufts Tisch College. Jessica S. Lieberman is a program officer at the American Academy of Arts & Sciences.

Inspectional Services Department

City of Newton
Massachusetts

Inter-Office Correspondence

TO: Programs & Services
FROM: Anthony Ciccariello, Deb Finamore
DATE: March 20, 2024
RE: Leaf Blower Update

New **Leaf Blower Brochure** – added information for property owners to know that they will be notified of warnings, and they will be fined if they continue to hire nonregistered landscapers.

New **Leaf Blower Doorknockers** for property owners – notifies them of what their landscaper is not complying with in the Ordinance.

Registration landscape company – newtonma.viewpointcloud.com – select Inspectional Services Department – scroll to Leaf Blower Registration – complete registration.

Complaint – newtonma.viewpointcloud.com – select Inspectional Services Department – scroll to Leaf Blower Complaint – complete the form.

Check to see if Landscape company is registered or has violations go to: newtonma.gov – Government – Inspectional Services – scroll left side and select Leaf Blower Information:

1. Check registration and suspension:
under Annual List of Registered Leaf Blower Operators select 2024 – interactive NewGov report.

Suspensions issued in 2023 – 9 landscape companies received a 60-day suspension in 2023 for being either over 65 dB or use of gas leaf blower during the summer months.

No 1-year suspensions were issued in 2023.

Any landscaper who owes violations from 2023 will not be able to register in 2024.

We have filed 7 cases in Newton District Court this week for Companies that owe over \$1,000.

2. Check for violations/compliant:

Third paragraph down is [Click here to view the current leaf blower violators and/or compliant users – interactive NewGov report.](#)

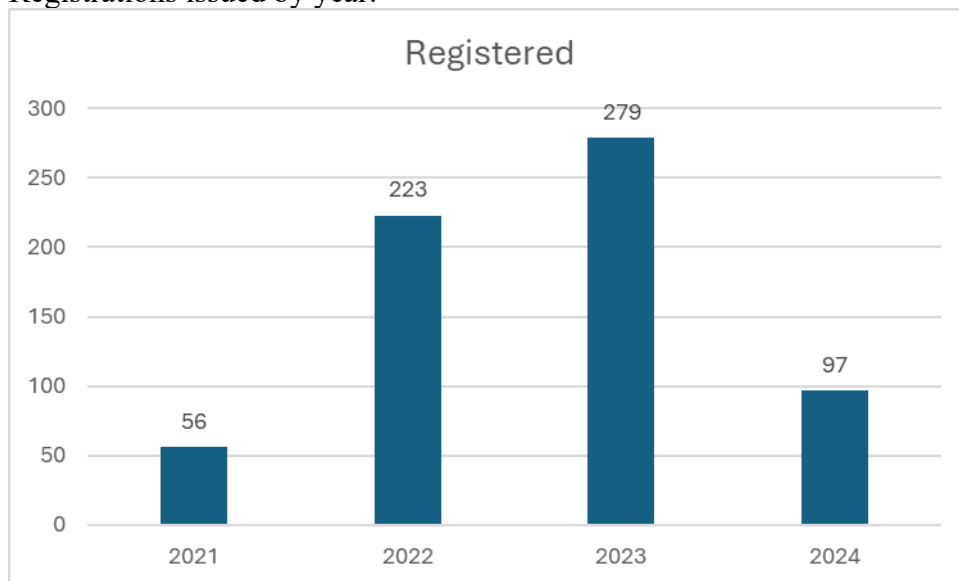

Ordinance enforcement:

During 2023 we were lenient with landscapers and allowed 4 violations before issuing a 60-day suspension and allowed 8 violations before we were going to enforce the 1-year suspension.

This year, we will be going by the Ordinance: first violation will be a warning **IF** the landscaper never received a violation in the past; if landscaper received a prior violation, then they will receive another violation and after two violations in a year, they will be suspended for 60days. If after coming off suspension they receive two more violations, they will be suspended for 1 year.

We will be notifying the property owners of the violations via a doorknocker. Property owners will get a warning first if their landscaper is not registered and if found a second time the property owner will also receive a violation ticket of \$300.

Registrations issued by year:

PROPERTY OWNERS

Property owners should only hire registered landscapers, check city website for listing. Property owners will receive one warning via green door knocker notifications for first offense, second offense will be a violation of \$300.

DATES OF ALLOWED USE

Gas, electric or battery-powered leaf blowers labeled at or below 65 decibels are allowed for nine months a year from **the day after Labor Day to the day before Memorial Day.**

SEASONAL BAN FOR ALL GAS-POWERED LEAF BLOWERS

Dates Prohibited: The Summer Months Memorial Day through Labor Day.

Only one electric or battery-powered leaf blower per lot is allowed to be used between Memorial Day and Labor Day. Gas-powered leaf blowers, regardless of decibel levels, are prohibited during the summer.

REGISTRATION

All leaf blower companies are required to be registered with the City of Newton.

Registration fee is \$50 plus \$2 per sticker for vehicle.

KEY PROVISIONS OF THE LAW

The use of all leaf blowers above **65 decibels** is prohibited in the City of Newton. There are no exceptions.

PENALTIES

VIOLATIONS: Written warning will be given to the person or company violating the Ordinance if they did not receive a previous violation otherwise violation will be \$300 and all subsequent violations will be \$300. Property owners may also be fined.

See City Ordinance Chapter 20 Miscellaneous Ordinances — Article II Noise §§20-13

ENFORCEMENT

Primary enforcement of leaf blower violations will be done by Inspectional Services and should be reported online newtonma.viewpointcloud.com -Leaf Blower Complaint.

Newton Police Department at (617)796-2100. Wait for the prompt for dispatch. If unable to respond will pass information along to ISD for enforcement.

CONTACT US

Questions about the Leaf Blower Ordinance please call **617-796-1126**.

LEAF BLOWER BEST PRACTICES

- Landscapers REGISTER Online (newtonma.viewpointcloud.com).
- Do not use leaf blowers 65 db or above.
- Do not point a blower towards people, property, or pets.
- Make sure bystanders are at least 50 feet away.
- Work carefully. Be safe, courteous, and responsible.
- Check newtonma.gov—inspectional services for reports on leaf blowers violations and registration.

Ordenanza de sopladores de hojas - Por favor, lea atentamente para saber cómo afectan las regulaciones a los propietarios y paisajistas y cómo se manejarán las infracciones.

Horas de uso permitidas Lunes a viernes: 7:00 a.m. a 5:00 p.m.

Sábados: 8:00 a.m. a 5:00 p.m.

Domingos y feriados legales: Prohibido excepto para los residentes en su propia propiedad entre las 9:30 a.m. y las 5:00 p.m., y para los propietarios de 30 o más acres contiguos de propiedad entre las 9:30 a.m. y el mediodía.

Propietarios—Los propietarios solo deben contratar paisajistas registrados, consulte el sitio web de la ciudad para ver la lista. Los propietarios recibirán una advertencia a través de notificaciones de alabas verdes para la primera infracción, la segunda infracción será una violación de \$ 300.

Fechas de uso permitido -Los sopladores de hojas de gas, eléctricos o de batería etiquetados a 65 decibelios o menos están permitidos durante nueve meses al año desde el día después del Día del Trabajo hasta el día antes del Día de los Caídos

Prohibición estacional para todos los sopladores de hojas a gas— Fechas prohibidas: desde el Día de los Caídos hasta el Día del Trabajo de los meses de verano.

Solo se permite el uso de un soplador de hojas eléctrico o a batería por lote entre el Día de los Caídos y el Día del Trabajo. Los sopladores de hojas a gasolina, independientemente de los niveles de decibelios, están prohibidos durante el verano.

REGISTRO—Todas las empresas sopladoras de hojas deben estar registradas en la ciudad de Newton. De lo contrario, serán multados

Todas las empresas sopladoras de hojas deben estar registradas en la ciudad de Newton. La cuota de inscripción es de \$50 más \$2 por calcomanía para el vehículo.

Disposiciones clave de la ley— El uso de todos los sopladores de hojas por encima de los 65 decibelios está prohibido en la ciudad de Newton. No hay excepciones.

Penas— Infracciones: Se dará una advertencia por escrito a la persona o empresa que utiliza el soplador de hojas si no recibió una infracción el año pasado, de lo contrario, la infracción será de \$300 y todas las infracciones posteriores serán de \$300. Los propietarios también pueden ser multados.

Véase el Capítulo 20 de la Ordenanza Municipal Miscelánea - Artículo II Ruido §§20-13

Aplicación— La aplicación primaria de las infracciones de los sopladores de hojas será realizada por los Servicios de Inspección y debe informarse en línea newtonma.viewpointcloud.com -Queja del soplador de hojas.

Departamento de Policía de Newton al (617)796-2100. Espere el mensaje de envío. Si no puede responder, pasará la información a ISD para su cumplimiento.

Contáctenos— Si tiene preguntas sobre la Ordenanza de Sopladores de Hojas, llame al 617-796-1126.

Mejores prácticas de sopladores de hojas— Paisajistas REGISTRESE en línea (newtonma.viewpointcloud.com); · No utilice sopladores de hojas de 65 db o más; · No apunte un soplador hacia personas, propiedades o mascotas.; · Asegúrese de que los transeúntes estén al menos a 50 pies de distancia; · Trabaja con cuidado. Sé seguro, cortés y responsable.; · Consulte los servicios de inspección newtonma.gov para obtener informes sobre infracciones y registros de sopladores de hojas.

LEAF BLOWER ORDINANCE

Please read carefully to find out how the regulations affect property owners and landscapers and how violations will be handled.

HOURS OF ALLOWED USE

Mon - Fri: 7:00 a.m. to 5:00 p.m.

Saturdays: 8:00 a.m. to 5:00 p.m.

Sundays and Legal Holidays: Prohibited except by residents on their own property between 9:30 a.m. and 5:00 p.m., and by owners of 30 or more contiguous acres of property between 9:30 a.m. and noon.

Inspectional Services Department
Anthony Ciccariello, Commissioner
Chuck Edrehi, Leaf Blower Agent

NOTICE – LEAF BLOWER ENFORCEMENT WARNING

Property Address _____

Property Owner is hereby notified that the Landscaper that you have contracted with is not in compliance with the City of Newton Ordinance Chapter 20 – Miscellaneous Ordinances – Article II Noise – Section 20-13(h) Restrictions on use of Leaf Blowers.

Specific non-compliance is/are checked below:

Non-registered Over 65 dB

Summer Ban Hours of Use

Date of Notice: _____

Time of Notice: _____

Please review the City of Newton Ordinance to be sure your Landscaper gets in compliance with Section 20-13(h). If your landscaper is found not in compliance again you may also receive a ticket.

Commissioner of Health and Human services and/or his or her designee(s) shall enforce this section in accordance with Sec. 20-7(c). (Rev. Ords. 2012, Ord. A-42, 06-16-14)

Secs. 20-9—Sec. 20-12. Reserved.

**ARTICLE II.
NOISE**

Sec. 20-13. Noise control.

(a) This ordinance may be cited as the "Noise Control Ordinance of the City of Newton."

(b) *Declaration of findings and policy.* Whereas excessive sound is a serious hazard to the public health and welfare, safety, and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and, whereas the people have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now therefor it is the policy of the City of Newton to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens or degrade the quality of life.

(c) *Scope.* This ordinance shall apply to the control of all sound originating within the limits of the City of Newton except as follows:

- (1) the emission of sound for the purpose of alerting persons to the existence of an emergency or the emission of sound in the performance of emergency work or in training exercises related to emergency activities; and
- (2) all snow clearance activities; and
- (3) any program or activity supervised by the parks, recreation and culture department of the city in effect and as it exists on June 1, 1983.

(d) *Definitions.* For the purposes of this ordinance the following words and phrases shall have the meanings respectively ascribed to them by this section:

Construction and demolition: Any excavation, highway construction, land development or land clearing work, or the erection, demolition, alteration, repair, or relocation of any building or structure, which uses powered equipment such as backhoes, trucks, tractors, excavators, earth moving equipment, compressors, motorized, or power hand tools, manual tools, or equipment of a similar nature as well as two-way radios or other communication equipment; or use of any equipment for recycling, screening, separating, or any other processing of soil, rocks, concrete, asphalt or other raw material.

Electronic devices: any radio, tape recorder or player, television, phonograph, public address system, loudspeaker, amplified musical instrument or any other similar device, except two-way communication radios.

Emergency: any occurrence or set of circumstances involving actual or imminent physical trauma or property damage which demands immediate action.

Emergency work: any work performed for the purpose of preventing or alleviating the physical trauma or property damage threatened or caused by an emergency.

Gross vehicle weight rating (GVWR): the value specified by the manufacturer as the recommended maximum loaded weight of a single motor vehicle. In cases where trailers and tractors are separable, the gross combination weight rating

(GCWR), which is the value specified by the manufacturer as the recommended maximum loaded weight of the combination vehicle, shall be used.

Motorcycle: any unenclosed motor vehicle having two or three wheels in contact with the ground, including, but not limited to, motor scooters, minibikes, and mopeds.

Motor vehicles: any vehicle which is propelled or drawn on land by a motor, such as, but not limited to, passenger cars, trucks, truck-trailers, semi-trailers, campers, go-carts, snowmobiles, dune buggies, or racing vehicles, but not including motorcycles.

Noise pollution: a condition caused by a noise source that increases noise levels 10dB(A) or more above background noise level, except that if the noise source produces a tonal sound, an increase at 5dB(A) or more above background noise level is sufficient to cause noise pollution.

Tonal sound: any sound that is judged by a listener to have the characteristics of a pure tone, whine, hum or buzz.

(e) *Noise Pollution prohibited.*

- (1) No person shall willfully, negligently, or through failure to provide necessary equipment or facilities or to take necessary precautions permit the establishment or continuation of a condition of noise pollution caused by a noise source (other than a dog or bird) owned, leased, kept, or controlled by such person, or caused by any activity of such person.
- (2) When the offending noise source is located in public spaces, noise measurements shall be made at, and noise pollution determinations made in relation to, any location a passerby might reasonably occupy. When the offending noise source is located on private property, noise measurements shall be made at, and noise pollution determinations made in relation to, the boundary line of the property within which the offending source is located, or as close thereto as feasible.
- (3) All noise level measurements made pursuant to subsection (e) shall be made with a Type I or II A-weighted sound level meter as specified under the American National Standards Institute (ANSI) standards.

(f) *Time Restrictions.*

- (1) Notwithstanding the provisions of subsection (e) and subject to the maximum noise levels listed in subsection (g), the generation of any noise from all electric motors and/or internal combustion engines employed in yard, garden, or grounds maintenance is prohibited except during the following time periods:
 - (A) Between 7:00 a.m. and 8:00 p.m. on weekdays; or
 - (B) Between 9:30 a.m. and 8:00 p.m. on Saturdays, Sundays and legal holidays as established in section 2-26 of these revised ordinances.
- (2) Notwithstanding the provisions of subsection (e) and subject to the maximum noise levels listed in subsection (g), the generation of any noise from construction and demolition activity is prohibited except during the following time periods:
 - (A) Between 7:00 a.m. and 7:00 p.m. on weekdays; or
 - (B) Between: 8:00 a.m. and 7:00 p.m. on Saturdays;

(C) Generation of any noise from construction and demolition activity is prohibited at any hour on Sundays and legal holidays as established in section 2-26 of these revised ordinances, except by permit issued in accordance with subsection (i).

- (3) All public address loudspeakers, either mobile or stationary, shall be prohibited from operating every evening from 9:00 p.m. until 7:00 a.m. the following morning.
- (4) No automobile, motorcycle, truck or vehicle-mounted refrigeration equipment or other motorized vehicle shall be left running when not in traffic, within three hundred (300) feet of any dwelling, hotel or residence, for a period of greater than five (5) minutes.
- (5) Between the hours of midnight and 6:00 a.m. deliveries and pick-ups for commercial or business purposes are prohibited within 300 feet of any dwelling within a residential zone excepting deliveries to such dwellings, deliveries of gasoline to gasoline stations, deliveries or pick-ups at state or federal governmental offices and any other commercial or business delivery or pick-up operation that does not increase noise levels 5dB(A) or more above background noise level. For purposes of this subsection, "deliveries" and "pick-ups" shall include the loading and unloading of a vehicle.
- (6) Between the hours of 7:00 p.m. and 7:00 a.m. trash collection shall be prohibited within five hundred (500) feet of any dwelling.
- (7) Between the hours of 11:00 p.m. and 7:00 a.m. no person or persons shall disturb the peace by causing or allowing to be made any unreasonable or excessive noise, including but not limited to such noise resulting from the operation of any electronic device, or from the playing of any band or orchestra, or from the making of excessive outcries, exclamations, or loud singing or any other excessive noise by a person or group of persons, provided however, that any performance, concert, establishment, band group or person who has received and maintains a valid license or permit from any department, board, or commission of the City of Newton authorized to issue such license or permit shall be exempt from the provisions of this section. Unreasonable or excessive noise for the purposes of this section shall be defined as 5dB(A) or more above background level when measured not closer than the lot line of a residential lot or from the nearest affected dwelling unit.

(g) *Maximum Noise Levels.* Notwithstanding the provisions of subsections (e)(1) and (e)(2), the following are the maximum noise levels that are permitted for the specified purposes:

Maximum noise level dB(A) permitted:

(1) *Vehicles*

Vehicle Class	Stationary or Moving
All vehicles over 10,000 lbs. GVW or GCWR	86
All Motorcycles	82
Automobiles and light trucks.....	75

Noise measurements shall be made at a distance of fifty (50) feet from the closest point of pass-by of a source or fifty (50) feet from a stationary vehicle.

(2) *Construction and demolition.*

The cumulative noise level of all construction and demolition on one site at any one time shall not exceed 90dB(A). No individual piece of equipment shall exceed a maximum noise level of 90 dB(A). If noise barriers are used that effectively shield nearby areas from a condition of noise pollution, the following devices shall be exempt from the maximum noise level limitations: jackhammers; pavement breakers; pile drivers; and rock drills.

Maximum noise level dB(A) permitted:

Backhoe, bulldozer, concrete mixer, dump truck, loader, paver, pneumatic tools, roller, scraper	90
Air compressor	85
Generator	90
Electric drills, sanders, saws (except chainsaws) or other power tools of all types, whether hand held or otherwise	75

Noise measurements shall be made at a distance of fifty (50) feet from the source, or from the nearest lot line, whichever distance is less.

(3) *Yard, Garden, or Grounds Maintenance Equipment*

Maximum noise level dB(A) permitted:

Commercial Chipper, 3 1/2 inch or greater limb capacity (running at full speed but not chipping)	90
Commercial truck-mounted leaf vacuum	90
All other equipment, including home tractor, lawn mower or trimmer	65

Noise measurements shall be made at a distance of fifty (50) feet from the source, or from the nearest lot line, whichever distance is less.

(4) *Tonal Sound Corrections.* When a tonal sound is emitted by a noise source specified in subsections (g)(1), (g)(2) and (g)(3) herein, the limit on maximum noise levels shall be 5dB(A) lower than as specified in subsections (g)(1), (g)(2) and (g)(3).

(5) *Maximum Noise Levels for HVAC systems.* No person shall operate any air conditioning, refrigeration or heating equipment for any residence or other structure or operate any pumping, filtering or heating equipment for any pool or reservoir in such manner as to create any noise which would cause the noise level on the premises of any other occupied property or if a condominium, apartment house, duplex, or attached business, within any adjoining unit, to exceed the background noise level by more than 5 dB(A). This provision shall not apply, however, to periodic or emergency maintenance or testing of such equipment reasonably necessary to maintain such equipment in good working order. Noise measurements and noise pollution determinations shall be taken in accordance with subsections (e)(2) and (e)(3).

(6) *Alternative Measurement Procedures.* If it is not possible to make a good noise level measurement at the

distance specified in subsections (g)(1), (g)(2) and (g)(3), measurement may be made at an alternate distance and the noise level subsequently calculated for the specified distance. Calculations shall be made in accordance with established engineering procedures.

- (7) All noise-level measurements made pursuant to subsection (g) shall be made with a Type I or II A-weighted sound level meter as specified under the American National Standards Institute (ANSI) standards.

(h) Restrictions on use of leaf blowers.

Notwithstanding the provisions of sections 20-13 (f) and (g), no property owner or property manager or other person in control of a property shall authorize or permit the operation of leaf blowers on property under their control; no contractor or commercial landscaper, including a City contractor or employee, shall use or operate or authorize or permit any agent or employee to use or operate a leaf blower; nor shall any person use or operate a leaf blower within the City unless they do so in compliance with the provisions of this section. The following definitions shall apply to this section:

Leaf blower: any portable motorized device, whether carried or pushed, whether powered by gasoline or other fuel, electricity or battery, used in any landscape or property construction or maintenance activity, for the purpose of blowing, dispersing, redistributing, or removing dust, dirt, leaves, grass or plant clippings, litter or other debris.

Commercial leaf blower operator: any individual, entity or organization, including a contractor or commercial landscaper, that receives compensation for services that include operation of a leaf blower.

- (1) *Summer Ban.* No leaf blower may be operated from Memorial Day through Labor Day in each year, except that one 65 dB(A) electric or battery powered leaf blower per lot may be used during this period subject to the permitted hours of use specified in Subsection (2) below. At all other times leaf blowers may be operated subject to the following provisions:

- (2) *Permitted hours of use.* Leaf blowers may be operated only during the following times:

Monday - Friday: 7:00 a.m. - 5:00 p.m., except that the City of Newton, through its parks, recreation and culture department, shall be allowed to use leaf blowers prior to 7:00 a.m. for the sole purpose of maintaining city village centers.

Saturday: 8:00 a.m. - 5:00 p.m.

Sundays and legal holidays: prohibited except for operation by a resident of the property on which the leaf blower is operated between 9:30 a.m. and 5:00 p.m.; and except for operation of leaf blowers on contiguous lots under single ownership that total a minimum of thirty acres used for institutional or recreational purposes between 9:30 a.m. and 12:00 p.m.

- (3) Only leaf blowers meeting the following criteria are permitted for use:

A. Leaf blowers must be manufactured after January 1, 2005 for EPA Class 4 engines and after January 1, 2008 for EPA Class 5 engines;

B. Leaf blowers must bear an affixed manufacturer's label indicating the model number of the leaf blower; such label must not be altered or concealed;

- C. Leaf blowers must bear an affixed manufacturer's label documenting a noise rating of 65 dB(A) or less; such label must not be altered or concealed; and
 - D. Leaf blowers must only be used with any muffler, full extension tube and sound attenuating devices supplied by the manufacturer of the leaf blower. Non-factory modifications are not permitted.
- (4) During times of emergency caused by a storm or other special circumstance, the Mayor or his designee may temporarily suspend application of all or a portion of this section for purposes of cleaning up from such storm or other special circumstance.
- (5) The provisions of section 20-13 (i) shall not apply to leaf blower operation.
- (6) Any violation of the restrictions contained in this section 20-13 (h) shall be subject to the penalties set forth in sections 20-13 (k) and (m) below, provided that the first offense by any person subject to this section, including a property owner, shall be subject to a warning only, and provided further that a violation committed by a commercial operator holding a valid permit and in good standing on the public list provided for in section (7) A, shall be enforced against the commercial operator only, and not against the property owner, manager or person in control of the property upon which the violation occurred.
- (7) Commercial Leaf Blower Operators - permit required.
- A. No commercial leaf blower operator may operate a leaf blower or permit or authorize an agent or employee to operate a leaf blower in the City of Newton without an annual permit from the commissioner of inspectional services, who shall provide application forms; who may establish rules governing the display of permits on permittee's vehicles; and who shall maintain a public list of commercial leaf blower operators who hold a valid permit under this section. The commissioner may set a reasonable fee for such permit. Such application form shall require the name and telephone number of a contact and shall require the applicant to certify under pains and penalties of perjury that they have read and understand this ordinance pertaining to leaf blower restrictions, and that they will inform all employees of the restrictions. If a violation of any leaf blower restriction under this ordinance is committed by an employee or agent of and while performing work for said commercial leaf blower operator, the commercial leaf blower operator shall be responsible for the violation and the employee or agent shall not be individually liable.
 - B. A commercial leaf blower operator shall ensure that its name, address, telephone number and its commercial leaf blower permit number are clearly visible on any vehicle it uses to conduct business in Newton.
 - C. In addition to the penalties set forth in sections (k) and (m) below, the permit of any commercial leaf blower operator who has received two or more notices of violation of leaf blower restrictions by it or its employees or agents in a 12-month period shall be suspended for a period of sixty days. The permit of any commercial leaf blower operator whose permit has been suspended two times shall be revoked, and the operator shall be ineligible for a permit for a period of one year. The operator's name shall be removed from the public list during any period of suspension or revocation. The penalty for operating a leaf blower without a commercial operator permit shall be \$300.00.
 - D. The commissioner of inspectional services may promulgate rules and regulations to

implement this section.

(i) *Permits for exemptions from this ordinance and for extensions of time to comply with this ordinance.*

- (1) The mayor or his designee may grant a permit for any activity otherwise forbidden by the provisions of this ordinance upon a determination by the mayor or his designee that compliance in the conduct of such activity would cause undue hardship on the person or persons conducting such activity or on the community, taking into account: (i) the extent of noise pollution caused by not requiring such compliance; and (ii) whether reasonable efforts have been made to abate the noise. The mayor or his designee shall establish appropriate procedures for the processing of requests for such permits, including such hearings as the mayor or his designee deems appropriate. In granting any such permit, the mayor or his designee may impose such appropriate conditions as he deems necessary pursuant to this section. Copies of all such permits shall be filed with the clerk of the city council promptly after issuance. Promptly after issuance, copies of all such permits shall be filed with the clerk of the city council and to each ward city councilor for the affected ward.
- (2) The mayor or his designee may extend to a specified date the time for compliance with this ordinance in the case of any particular activity with respect to which a determination is made that such extension is necessary to provide a reasonable opportunity for such activity to be brought into compliance. No such extension shall be granted which has the effect of exempting such activity from compliance with this ordinance. The mayor or his designee shall establish appropriate procedures for the processing of requests for such extensions of time, including such hearings as the mayor or his designee deems appropriate.

(j) *Judicial Review.* Any person aggrieved by the grant or denial of a permit pursuant to subsection (i)(1) or an extension of time pursuant to subsection (i)(2), or a suspension or revocation of a commercial leaf blower operator permit pursuant to subsection (h)(7) may seek relief therefrom by a civil action in any court of competent jurisdiction as provided by the laws of the Commonwealth of Massachusetts.

(k) *Penalties.* Violation of any of the provisions of this section shall constitute a misdemeanor and any person, upon conviction of such violation, shall be fined an amount not to exceed three hundred dollars (\$300.00). Each day that such violation continues shall be considered to be a separate offense.

(l) *Enforcement.* The Newton Police Department and the Inspectional Services Department shall be responsible for enforcement of this ordinance. Each department shall document the disposition of all complaints by written report available to the public. The written report shall clearly indicate whether the complaint resulted in a warning or fine. If a warning or fine was not issued for a complaint, the responding city employee shall clearly indicate the reason.

(m) *Non-criminal disposition.* In addition to the penalties set forth in subsection (k), where non-criminal disposition of specified sections of this ordinance by civil fine has been provided for in sections 17-22 and 17-23 of the Revised Ordinances, as amended, pursuant to the authority granted by G.L. c. 40, sec. 21D, said violations may be enforced in the manner provided in such statute. The civil penalty for each such violation is set out in Sections 17-23(c) and 17-23(d).

(n) In the event the person in violation of section 20-13(h) pertaining to leaf blower use is a commercial leaf blower operator, the property owner shall be notified of the violation and of any warning or other enforcement issued to the operator.

(o) *Severability.* If any provision(s) of this ordinance or the application of such provision(s) to any person or circumstances shall be held invalid, the validity of the remainder of this ordinance and the applicability of such provision to other persons or circumstances shall not be affected thereby. (Ord. No. R-331, 6-20-83; Ord. No. T-62, 12-4-89; Ord. No. T-200, 12-16-91; Ord. No. V-286, 3-6-00; Ord. No. Z-32, 7-14-08; Ord. No. Z-78, 02-22-11; Ord. No. Z-104, 04-02-12; Ord.
