

Development Review Team (DRT) Meeting Snapshot

Week of May 6, 2024

This week we have DRTs on the following addresses. Call the Planning Department and ask to speak with any land use planner if you would like additional information on any of these projects.

Address	General Description of Project
51 Mt Alvernia St	Relief: Special Permit to build a garage with a footprint of 815 square feet with an accessory apartment on upper level-single family home. SR2, Ward 7
15 York Rd	Special Permit to exceed FAR-single family home. SR2, Ward 5
239 Langley Rd	Relief: Current use is a two family, applicant proposes a new detached accessory unit that potentially needs relief for lot area unit, undersized stall, rear setback relief. MR1, Ward 6

Please note this list was compiled before these meetings will take place and that projects may evolve over time. Cancellations do occur and the Planning Department is sometimes able to schedule another project in its place. Not every project has a DRT – DRTs are generally done only where some type of site plan review will likely be required.
