

## **#4**

### **RESOLUTION FOR WASHINGTON STREET AND LOWELL AVENUE INTERSECTION**

**Councilors Lucas, Albright, and Micley support the following Resolution.**

Councilors, Lucas, Albright, and Micley request that the intersection at Washington Street and Lowell Avenue in Newtonville be added to the Supplemental Capital Improvement Plan or make it a high priority within Department of Public Works, to improve sight lines for motorists, allow for left arrow traffic signals in both directions on Washington Street, and to improve walkability.

This can be funded with the TRIO mitigation funds.
