

CITY OF NEWTON

IN CITY COUNCIL

ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to allow a waiver of 15 parking stalls by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Andrea Kelley:

1. The site in BU-1 is an appropriate location for the requested parking waivers of 15 spaces because the site is located in a village center with access to public transit and the area has a diverse mix of uses with varying parking demands. (§7.3.3.C.1)
2. The requested parking waiver will not adversely affect the neighborhood because the site is in a Village Center with close proximity to public transit options and public parking. (§7.3.3.C.2)
3. The requested parking waiver will not create a nuisance or serious hazard to vehicles or pedestrians because the existing curb cuts and driveway access are being maintained. (§7.3.3.C.3)
4. Access to the site over streets is appropriate for the types and numbers of vehicles involved as parking demand is mitigated by proximity to public transit and by the different peak demand for parking between uses on the site. (§7.3.3.C.4)
5. A waiver of 15 parking stalls is in the public interest because constructing 15 additional parking stalls would require a substantial increase in impervious paving on the site and the site is within a Village Center with access to public transit. (§5.1.13)
