City Employee Public Health & Public Service Stipend - \$1,095,942

In recognition of the commitment of our municipal employees to public service and public health, we have provided a one-time stipend to every permanent employee in the unions that signed agreements with the City as well as our permanent non-union employees. Those who worked through the most challenging months of the pandemic have received a stipend of \$1,500. Employees who joined our team more recently received \$500. In all cases, these amounts were pro-rated for part-time employees.
