## High School Field Lights - \$1,400,000

Throughout the pandemic, it became clear that outdoor recreational space was critical. That fact, coupled with the change to a later high school start time and the limited number of playing fields in the City, highlighted the need for high-quality lighting systems to allow for late afternoon/evening playing time at our two unlit artificial turf fields (one at Newton South High School known as the Brandeis Field and the other at Newton North High School's stadium on the Lowell Avenue side). The Mayor committed \$1,400,000 of ARPA funds for this purpose.
