IN BOARD OF ALDERMEN

PROGRAMS AND SERVICES COMMITTEE REPORT

WEDNESDAY, SEPTEMBER 7, 2011

Present: Ald. Sangiolo (Chairman), Linsky, Hess-Mahan, Fischman, Blazar, Merrill, Rice

Absent: Ald. Baker

City staff: Bob DeRubeis (Commissioner of Parks and Recreation), Bob Rooney (Chief Operating Officer), Rebecca Smith (Committee Clerk)

#263-11 HIS HONOR THE MAYOR requesting authorization to appropriate and expend one hundred thousand dollars (\$100,000) from FY 12 Budget Reserve for the purpose of funding tree emergency expenses in the Parks and Recreation Department as a result of the recent tropical storm. [08/11/30 @ 2:27 PM]

ACTION: **APPROVED AS AMENDED 7-0 (transfer request increased to \$450,000)**

NOTE: Bob DeRubeis, Commissioner of Parks and Recreation, joined the Committee for the discussion of this item. He informed the Committee that the \$100,000 figure initially requested in the docket item needs to be increased to \$450,000. He explained that the original \$100,000 request was a figure that the Mayor's office inserted as a place holder before the amount was confirmed. The winds from Tropical Storm Irene caused significant damage, resulting in the loss of roughly 120 city trees. There were 925 locations called in for limbs and trees down. Of those 925, 152 were blocking roads and 12-15 were trees on houses. The Aldermen shared with the Commissioner that they heard much praise for him and for the Parks and Recreation Department during the time of clean up. Commissioner DeRubeis appreciated their comments and also made a point to praise the work and dedication of Marc Welch.

Commissioner DeRubeis noted that three areas of the city were used to dump debris: Braceland Playground, Forte Park, and Rumford Avenue. He stated that the decision to use Braceland's parking lot instead of its field came from the recognition that dumping onto the field would do much costly damage to it, whereas dumping onto asphalt would have much less consequence. He stated that he made a concerted effort to stay out of Nahanton Park because that area got hit hard during the snow season. If it was necessary to dump there then they would have, but they were able to avoid it. Commissioner DeRubeis explained that it was not his first choice to dump in the City but that it was necessary since dumping outside of the City would have tripled the cost of the cleanup (attached to this report is the outline of expenses)

Ald. Hess-Mahan asked the Commissioner if there is the potential for any FEMA reimbursements, to which he answered that according to Lt. Downing, Middlesex County has to meet the threshold of \$1.5 million in damages and the state must meet a threshold of \$6.5 million in damages in order to receive funds. If those thresholds are met then there is the potential for 75% reimbursement.

Ald. Rice asked if there many raised sidewalks due to stumps having been pulled up by the winds. The Commissioner stated that there are definitely raised sidewalks and an assessment is happening now about how much damage there is; nothing concrete will be known until that assessment is complete.

Ald. Merrill then moved approval of the item which carried unanimously.

Appointment by His Honor the Mayor

#224-11 LUCY CALDWELL-STAIR, 46 Woodcliff Road, West Newton, appointed to the Board of Trustees of the Jackson Homestead for a term of office to expire February 1, 2014 (60 days 10-07-11). [07-20-11 @ 4:04PM]

ACTION: **APPROVED 7-0**

NOTE: Ms. Caldwell-Stair joined the Committee for a brief discussion of her appointment. She informed the Committee that she has been a Board member for the Historical Society for the last 10 years and since the Historical Society and the Jackson Homestead attend the same meetings and vote concurrently it makes sense for her to also be a member of the Board for the Jackson Homestead. Ms. Caldwell-Stair is also an active member of the Newton Conservators and the Newton Community Farm. After reviewing Ms. Caldwell-Stair's resume, Ald. Hess-Mahan moved approval of her appointment which carried unanimously.

Re-appointment by His Honor the Mayor

ACTION: **APPROVED 7-0**

NOTE: See item #221-11

#82-07 ALD. YATES requesting that the City of Newton take all possible steps to persuade the General Court to allow the cities and towns to tax all telecommunications facilities in the City (which would yield at least \$1.6 million per year for Newton). [02/27/07 @ 10:21 PM]

ACTION: **NO ACTION NECESSARY 7-0**

NOTE: A request went out to the Committee to clean up the agenda and eliminate old or currently unnecessary items. In response to this, Ald Yates suggested that #82-07, 83-07(2), and 98-10 be voted No Action Necessary. Ald. Hess-Mahan moved a vote of NAN which carried unanimously.

#83-07(2) ALD. YATES proposing a RESOLUTION to the City's representatives and senator in the General Court asking them to co-sponsor the legislation of the Massachusetts Municipal Association that would give cities and towns the same power to determine their health care costs that agencies of the State have.[9/13/2010 @ 9:38am]

ACTION: **NO ACTION NECESSARY 7-0**

NOTE: See item #82-07

#98-10 ALD. YATES requesting that the Board of Aldermen and His Honor the Mayor take all possible steps to change state law to save local costs by giving cities and towns the right to negotiate health plans on the same basis as the Commonwealth. Such steps would include, but not be limited to, joining the Coalition to Save our Communities and notifying our city legislators of our urgent concern about this matter. [03/23/10 @ 4:29 PM]

ACTION: **NO ACTION NECESSARY 7-0**

NOTE: See item #82-07

#206-10 VETERANS' AGENT requesting a discussion and support for the replacement of the WWII Honor Roll on the grounds of City Hall at the intersection of Walnut Street and Commonwealth Avenue. [07/06/10 @ 4:41 PM]

ACTION: NO ACTION NECESSARY 7-0

NOTE: Again, per the request by the Chairman that older agenda items be assessed and perhaps eliminated, John MacGuillivray, Veterans Agent, requested that this item be voted No Action Necessary due to some disagreement about the location specified in the item language. The location will be discussed further and when a location is agreed upon the item will be re-docketed.

#205-11 ALD. SANGIOLO, GENTILE, HARNEY, LINSKY requesting a discussion with the School Committee regarding a proposal to enter into contractual relationships with the Newton Schools Foundation to sell naming rights on behalf of the Newton Public Schools. [06/22/2011 @ 8:32AM]

ACTION: HELD 7-0

NOTE: The Committee was provided with the notes from the Newton School Committee's most recent discussion on the naming rights proposal. The Committee touched briefly upon the idea of naming rights and the potential complications, including unfairness arising from more sales at one school than at the other and the question of whether the schools have the right to sell property that belongs to the entire City, who determines where that money should go and how much money the Newton Schools Foundation is expected to get for leading this effort. The Committee would like to take the item up again at their October 19th meeting. The Committee requested that Rebecca try to locate the minutes for the Balsamo/Millennium Park outside City Hall to see how naming rights in that scenario were handled. Ald. Hess-Mahan then moved hold on the item which carried unanimously.

Respectfully Submitted,

Amy Sangiolo, Chairman

Ladies and Gentlemen:

I write to request that your Honorable Board docket for consideration a request to transfer the sum of \$100,000 from Fiscal Year 2012 Budget Reserve to Acct # 01602011-5273 Forestry Services – Rental Vehicles. As you know the City has incurred a significant amount of tree damage as a result of Hurricane Irene. The FY12 Budget was funded at \$160,000. Final clean-up costs have not yet been calculated, however, I believe the City will spend a large portion of these funds on this storm.

Thank you for your consideration of this matter.

Very truly yours,

Setti D. Warren,

Ladies and Gentlemen:

I write to request that your Honorable Board docket for consideration a request to amend *Docket #263-11 HIS HONOR THE MAYOR requesting authorization to appropriate and expend one hundred thousand dollars (\$100,000) from FY12 Budget Reserve for the purpose of funding tree emergency expenses in the Parks and Recreation Department as a result of the recent tropical storm [08/30/11@ 2:27 PM]* by replacing the original transfer request of \$100,000 with an amended transfer request of \$450,000.

The attached Urban Forestry Response Summary details the storm damage information and estimated expenditures. As you know, the City suffered extensive tree damage, with 925 locations of damage reports, 152 road closure reports, 12 to 15 trees on houses with notable damage and 176 reported locations of trees on wires. Bob DeRubeis, Commissioner of Parks & Recreation will be available at both the Finance Committee and the Programs & Services Committee meetings to respond to questions. It is our hope that a substantial amount of these funds will be reimbursable through FEMA, however, Middlesex County has not as of yet reached the threshold of damage required.

This was a very costly storm for the City. Unfortunately, this request will deplete 90% of the City's FY12 Budget Reserve.

Thank you for your consideration of this matter.

Very truly yours,

Setti D. Warren,
Mayor

What specialized skills do you have that could be considered to be an asset to the Joint Board?

In 50 words or less, please indicate why you have chosen to be a member of the Joint Board of the Jackson Homestead.

For years I have had an interest in historic preservation. When I was asked to join the joint board of the JH, I thought of it as an opportunity to contribute to preservation of local history in the community which I had lived from my early teenage years.

Which Committee's of the Joint Board would you like to join? Please check at least one.

Re: NSF/NNHS Naming Proposal to the School Committee

History

The Newton North committee was given permission to research and recommend naming for the new Newton North earlier in 2009. The NNHS naming committee reported back to the School Committee with recommendations on June 28, 2010. At that time there were few formal guidelines for naming conventions from the School Committee. Concurrent with the North naming committee, Kurt Kusiak began working on guidelines for naming given a trend in public education to sell naming opportunities in schools to generate much needed revenue. The Newton Schools Foundation (NSF) reported on October 12, 2010 how other communities in the United States were doing naming. The same day, the School Committee approved new naming guidelines. At that time the School Committee asked NSF to start working on naming criteria for Newton's schools, in particular, our two high schools.

Recently Liz Richardson and Julie Sall, co-presidents of the Newton Schools Foundation, met with Jen Price and Jon Bassett, representing NNHS, to discuss naming rights in general and specifically the plan the NNHS naming rights committee presented to the Newton School Committee in December 2009.

It is clear that the North group did an excellent job evaluating spaces, and developed a plan to honor past named spaces and proposed new naming conventions to honor revered teachers. The committee did it without any guidelines from the School Committee because, at the time, there were none in place. The School Committee acknowledges the NNHS naming committee's work and their recommendations will be considered along with other naming options/donations going forward.

Proposal

The School Committee asks NSF to move forward with its plan to identify spaces that can be successfully named for a designated price, honoring to the best of its ability, the thoughtfully laid out plan by the NNHS Naming Committee. We would ask that NSF present their proposal this fall.

If the SC does vote to move forward with the NSF Plan, NNHS has asked that 3 requests be honored.

1. That the houses are excluded from the Naming Process
2. If after three years, NSF is not able to sell a space, the NN Naming Committee Plan will be reviewed with an eye toward implementing those spaces that have still not been named.
3. As part of its Naming Process, NSF agrees to set aside a certain amount of Capital Campaign funding for establishing perpetual memorials at both high schools. We would like to have a design contest at each high school for a commemorative wall.

Proposed NSF Capital Campaign (CC) Timeline

- **February-May:** Co-Directors worked with Development consultants on building structure for Capital Campaign.
- **May 5:** Met with NSF Board to review Capital Campaign and meet CC Consultants, Helaine Miller and Madelyn Bell. Obtain Board approval.
- **Month of May:**
 - CC Search Committee ID top 20 donors and potential CC Committee Chairs/members
 - Begin development activities to raise funds for CC (NE Mobile Book Fair Match, dinners, small business outreach and Fall Whole Foods Match)
- **May 15th:** Begin Top Donor Research project
- **May 20th:** Meet with NNHS Naming Committee to coordinate new/current honorary naming
- **June-September:** Begin Quiet Phase of Campaign; Solicit Board and Campaign Committee, secure top 1-3 donors to use as models for campaign launch
- **August-September:** Complete Case For Support
 - Develop in conjunction with revised Technology Plan/NPS Mission Statement (as determined by NPS Administration). New direction in Technology/21st Century Classroom definition will strengthen our NSF CFS. Focus will be on equipping every classroom with the technology needed to meet 21st Century teaching/learning.
 - Campaign Committee and Chairs identified
 - Opportunities for Participation initiated (attaching dollar amounts to spaces)
 - Communication Plan Outlined
- **Fall 2011:** Present to School Committee for Final Approval
- **October 27th:** Community Event: Education Night at NNHS
- **October-November:** Obtain necessary BOA Approval
- **December:** Finalize all segments of the CC
- **January, 2012:** Public Campaign Launch
