(d) All charges shall constitute a lien upon the land connected with the public sewer from the time of assessment and shall continue for the same period and under the same conditions as a lien established under General Laws, Chapter 80.

(e) If a bill for sewer use becomes a lien, it shall bear interest at the rate provided by law from thirty (30) days after the date of billing until it is committed as part of a tax.

(f) The occupant of any building shall be liable for the payment of the sewer use charge for such building, and the owner shall also be liable.

(g) Except where the properties served are owned, occupied and operated by one owner and not sublet to various tenants, the rates for each meter shall be figured independently of all other meters. In multiple tenant properties served by one meter, the rates shall be based upon water usage recorded from said meter billed to the owner accordingly.

(h) The commissioner is authorized to make abatements and rebates of charges when disproportionate to the service rendered. The commissioner shall certify to the comptroller of accounts the amounts of abatements and rebates for forwarding to the city collector-treasurer. (Rev. Ords. 1973, § 18-18; Rev.
