Without discussion, Councilor Noel made a motion to approve these taxi license renewals. Committee members agreed 7-0, Councilor Grossman not voting.

**#598-18**      **Requesting ordinance amendments regarding resident sticker and visitor permit date**  
CAPTAIN ANASTASIA, requesting the following ordinance amendments: ***Sec. 19-200. Resident sticker and visitor permit; municipal lot parking program and Sec. 19-201. Resident sticker and visitor permit parking program.*** By DELETING: Resident and visitor parking permits expire December 31 of each year and INSERTING: Resident and visitor parking permits are valid from July 1 to June 30 of each year.

**ACTION:**      **Approved as Amended 7-0, Councilor Grossman not voting**

**NOTE:**      Captain Anastasia joined the Committee for discussion on this item.

Committee members were provided with revised draft language, attached to this report. Captain Anastasia stated that he is only requesting change to Sec. 19-200 (A) (5) (c). Resident sticker and visitor permit; municipal lot parking program. Resident parking stickers shall expire on December 31 of each year, except for municipal parking lot permits which shall expire on June 30 of each year rather, rather than December 31 of each year.

Without discussion Councilor Downs made the motion to approve as amended this request. Committee members agreed 7-0, Councilor Grossman not voting.

**Referred to Public Safety & Transportation and Finance Committees**

**#607-18** HER HONOR THE MAYOR requesting authorization to transfer the sum of ninety-five thousand eight hundred forty-four dollars and fifty-one cents (\$95,844.51) from the Fire Pumper Replacement Account to the Following Fire Department accounts:

Automobiles/Light Trucks	\$60,000
Training Expenses	\$10,000
Housekeeping Equipment	\$15,000
Public Buildings Repair and Maintenance	\$10,000

**ACTION:** **Approved 6-0-1, Councilor Downs abstaining and Councilor Grossman not voting**

**NOTE:** Chief Proia joined the Committee for discussion on this item.

Chief Proia stated that the \$95,000 is funding from the 2017 Fire Pumper Engine 3 account. He is requesting the following:

\$60,000 will replace the Shift Commanders Vehicle which was totaled in a Thanksgiving evening auto accident.

\$10,000 is to cover the City's portion of a Health and Wellness Grant that the City was awarded from the assistance to Firefighter Grant Program.

\$15,000 to purchase gear lockers for station #2. The lockers the firefighters are currently using are donated high school lockers.

\$10,000 to install extractors and dryers for stations 1 and 2.

Without discussion, Councilor Lipof made a motion to approve this request. Council members approved 6-0-1, Councilor Downs abstaining and Councilor Grossman not voting.

**#578-18** **Shorten the duration of the winter parking ban**  
COUNCILORS ALBRIGHT, COTE, KELLEY, GREENBERG, CICCONE, LIPOF, AUCHINCLOSS, RICE, DOWNS, KRINTZMAN, NOEL, AND NORTON, requesting to shorten the duration of the winter parking ban to begin on December 15 (instead of November 15) and end on April 1 (instead of April 15).

**ACTION:** **Approved 7-0-1, Councilor Grossman abstaining**

**NOTE:** Captain Anastasia, Commissioner McGonagle and Councilors Albright, Kelley, Greenberg and Krintzman joined the Committee for discussion on this item.

Chair Ciccone stated that an email was received in support of this request from Commissioner McGonagle, attached to this report.

Council members and others present expressed their questions and suggestions:

**Questions:**

- If tickets have been issued thus far, do they have to be paid? Councilor Ciccone answered yes.
- If the City has the technology to notify residents of a declared snow emergency, then why

implement an overnight parking ban? It was noted that a significant number of residents will not know of a declared snow emergency. They should take some sort of responsibility by checking the City's web page and registering telephone numbers for a reverse 911 call.

- Is data available on the number or residents who are not registered?

Suggestions:

- A suggestion was made to include notification in the tax bill, water bill or Newton Tab alerting residents and all of locations where they may park during declared snow emergencies.

It was stated that reverse 911 calls are very helpful.

Chair Ciccone stated that if this item is approved, the City Council will take an action on December 17, 2018, followed by a twenty-day waiting period before implementation.

Without further discussion, Councilor Lipof made a motion to approve shortening the duration of the winter parking ban to begin on December 15 (instead of November 15) and end on April 1 (instead of April 15). Council members agreed 7-0-1, Councilor Grossman abstaining. Councilor Grossman stated that she abstained as she missed the discussion. She then expressed concern in Ward 7 regarding Boston College student parking. She stated that December 15 allows students to park on residential roads the entire semester.

**#554-18 Proposal to end winter parking ban on select streets in Wards 2 and 3.**

COUNCILORS ALBRIGHT, NORTON, COTE, BROUSAL-GLASER AND KELLEY, proposing to end the winter parking ban on select streets in Wards 2 and 3.

**HELD 6-0, Councilors Lipof and Noel not voting on 11/07/18**

**ACTION: HELD 8-0**

**NOTE:** Captain Anastasia, Commissioner McGonagle and Councilors Albright, Kelley, Greenberg and Krintzman joined the Committee for discussion on this item.

Councilor Albright stated she has been working with the IT Department on the GIS system in order to determine if residents have driveways or not. Some residents pave their front and side yards in order to have their vehicle removed from the street. In these Wards, approximately 85-90% of homes have driveways. It is the approximate 10% of residents without driveways we are trying to assist. The proposal to end the winter parking ban on select streets in Wards 2 and 3 may be a benefit to residents. A pilot program with a defined map of homes of residents would determine if eliminating the winter parking ban would work or not. She then stated that she will review the defined map with Chief MacDonald, Newton Police Department.

Councilor Kelley stated that fifty to sixty years ago, the City created and implemented the overnight winter parking ban partly due to lack of technology. Now, some neighboring towns including Waltham, Watertown, Wellesley, Needham, Rockport, Boston and Somerville do not have a winter parking ban, they call for a snow emergency when all vehicles must be removed from the roads. Some neighboring towns implement parking taking turns parking on odd/even sides of the road. Councilor Kelley suggested implementing a trial for one winter in Wards 2 and 3 and later revisit determining residents

are or are not compliant. She then suggested providing maps to residents on locations where they may park including the municipal parking lots.

Committee members and others present expressed their concerns, suggestions and questions.

Concerns:

- It was said that in the Lasell College area, Ward 4, it would be difficult to implement a program like this on a street by street basis because people store cars on Lexington Street for days. Chair Ciccone stated that the City has a vehicle abandonment vehicle policy after 72-hours when the police observe this.
- Data has not been provided to support the most logical decision. Now that the winter overnight parking is in effect, it is difficult to collect data.
- Large buildings need large parking lots to accommodate the necessary parking rather than patrons, residents and employees parking on residential roads.
- The public safety issues are serious. We must share parking on roads and in front of homes.

Suggestions:

- It was suggested to address Boston College and Lasell College areas separately.
- A suggestion was made that precinct clarity and balance are necessary.
- Perhaps attempt implementing a pilot program.
- A suggestion was made to implement a special permit program for residents without driveways or who may have more vehicles than a driveway can accommodate.

Questions:

- It was asked who is the appropriate person to define map areas?
- It was asked if West Newton Hill is an appropriate location to include? Councilor Kelley answered that this location does not appear to be an issue for residents. Councilor Albright stated that Wards 2-1, 3-1, 3-3 and 3-4 may be considered.
- Is it possible to identify residents with permits by their license plate? Captain Anastasia answered that the Police Departments hand held machines do not have the technology to do this. In July 2019, the Police Department will review with the vendor technology available including the possibility of changing from pay by space to pay by license plate.
- Is there a way to address the needs without making a complete change?

Captain Anastasia stated that Police Department Chief MacDonald is not in favor of this request, there are many issues. Enforcement would be very difficult. Precinct borders would have to be very clear to enforce. Education is necessary. The municipal parking lot permits are not valid during snow emergencies. Municipal parking lots are not convenient for residents, often it is too far to walk and not realistic.

Councilor Kelley stated that input will be gathered through a survey addressing the pros and cons of implementing this request. She then said that other locations may be available for resident parking including schools. Moving forward; there is a lot to be learned and solutions remain necessary.

Without further discussion, Councilor Auchincloss made a motion to hold this item. Committee members agreed 8-0.

At approximately 8:30 p.m., Councilor Auchincloss made a motion to adjourn. Committee members agreed 8-0.

**Respectfully submitted,**

**Allan Ciccone, Jr. Chair**

#598-18 Draft (redline) for discussion:

Sec. 19-200 (A) (5) c)

CFO  
City of Newton

Maureen,

With this letter, The Newton Fire Department is requesting to transfer \$60,000 of the special appropriation funding from our 2017 Fire Pumper Engine 3 account number 34AA210J-58504, (there is currently \$95,844.51 remaining) into our small vehicle account number 0121006-58501. This request is to replace the Shift Commanders Vehicle (C-2) which was totaled in a Thanksgiving Eve auto accident. The Shift Commanders Vehicle responds to over 2,500 calls a year and is responsible for the entire City during their 24 hour shift. It runs 24-7, 365 days a year.

In addition, we are requesting to docket \$10,000 from the 2017 Fire Pumper account # 34AA210J-58504 to cover for City's portion of a Health and Wellness Grant that we were awarded from the Assistance to Firefighter Grant Program (AFG). This will allow all 186 Firefighters to enter in the program. If approved, the budget account number for the \$10,000 to be transferred into is 0121008-5319.

With the additional remaining funding from the 2017 Fire Pumper Engine 3 account number 34AA210J-58504, we request \$15,000 to purchase gear lockers for Station 2. The lockers the Firefighters are currently using are donated high school lockers and are not meant to store Firefighter gear they are not properly ventilated. If approved, the budget account number for the \$15,000 to be transferred into is 0121005-585171.

The final \$10,000 from the account would be used for installation of extractors and dryers for station 1 and 2. This will be a great help with the removal of carcinogens on Firefighter gear which is the most important to Firefighter health. If approved, the budget account number to the \$10,000 to be transferred in is 0121005-52407.

Thank you for your consideration to this request

Good evening Councilor,

I am writing in support of docket #578-18 **“Shorten the duration of the winter parking ban COUNCILORS ALBRIGHT, COTE, KELLEY, GREENBERG, CICCONE, LIPOF, AUCHINCLOSS, RICE, DOWNS, KRINTZMAN, NOEL, AND NORTON, requesting to shorten the duration of the winter parking ban to begin on December 15 (instead of November 15) and end on April 1 (instead of April 15)”**.

DPW has no operational issues with shortening the duration of the winter parking ban throughout the City, the only request would be the ability to continue to declare a snow emergency during a winter weather event regardless of the time of year.

Thank you,

Jim
