

Public Safety & Transportation Committee Report

City of Newton **In City Council**

Wednesday, January 20, 2016

Present: Councilors Ciccone (Chair), Blazar, Norton, Harney, Yates, Cote, Fuller, and Lipof

Absent: Councilor Fuller

City Staff: Sgt. Jay Babcock, Newton Police Department and David Koses, Transportation Coordinator

DISCUSSION ITEM:

Chair's Note: At the Chair's request, Sgt. Babcock will join the Committee to discuss the results of a recently completed survey from local towns and cities on Fire Hydrant fines.

Note: Sgt. Babcock joined the Committee for discussion on this item.

Sgt. Babcock reviewed with Committee members the Fire Hydrant fine survey, attached to this report. Sgt. Babcock stated that he has spoken with Assistant Chief Lucchetti who also requests the review of restricted areas (fire lanes).

Per City Ordinance, the fine for parking within ten feet (either side) of a fire hydrant is \$25.00. The fine for parking in a restricted area is \$20.00.

In 2015, the Newton Police Department issued 105 citations for drivers violating fire hydrants and 25 citations for restricted area violations. The Police Department issues violations on a complaint driven basis. Citations are not issued when a fire hydrant is "bagged" indicating that it is out of service. Drivers have the tendency to frequently abuse and park in fire lanes.

Committee members asked Sgt. Babcock if he is proposing an increase to fire hydrant and restricted area fines? Sgt. Babcock answered that it is his intent to docket an item for City Council's consideration to increase these fines. He then said that a fair and reasonable increase would be \$25.00, each new fine \$50.00 for both fire hydrants and restricted areas.

Committee members agree and support his intent to docket an increase to these fines.

In 2015, Traffic Council approved one parking plan, the Waban Village Parking District, adding to the completed parking districts already created including Newton North High School Neighborhood Parking Plan, Auburndale Village Parking District Plan and the Carr School Neighborhood Parking District.

Committee members asked if the backlog is due to staffing shortages? Mr. Koses answered that delays are due to staffing shortage/issues (Director of Transportation, Parking Manager and one employee is temporarily out). Traffic Council held eight meetings; the usual is ten meetings.

Committee members thanked Mr. Koses for his detailed report and his diligent work.

Without further discussion, Councilor Yates moved no action necessary. Committee members agreed 7-0.
