**DATE: JANUARY 7, 2015**

**To: Members of the Public Safety and Transportation Committee**

**From: David Koses, Transportation Coordinator**

**RE: #11-15 Traffic Council Chair providing the Annual Report of the work of the Traffic Council for 2014**

---

## MEMORANDUM

On December 3, 2007, the Board of Aldermen approved as amended, docket item #421-05, which authorized changes to the structure of the Traffic Council. At that time, the Committee requested an annual update of Traffic Council Actions. The attached information is provided to the Committee as requested. No action is necessary.

During 2014, Traffic Council held eleven evening meetings. As shown in Appendix A, during 2014 Traffic Council heard 81 items and took final action on 73 of them (eight items are still being held). A list of all items heard during 2014 is shown in Appendix B. Traffic Council approved (or approved as amended) 78% of all items heard, took no action on 11%, and denied one item. During 2014, the following item was the only item that was submitted for appeal to the Board of Aldermen.

- TC1-14 SGT. BABCOCK, requesting a parking restriction on Fairfield Street, to allow for emergency vehicle access.

Two new Neighborhood Parking Districts were approved in 2014:

- The Auburndale Village Parking District in Ward 4; and
- The Carr School Traffic and Parking Plan.

During 2014, the Transportation Planning Coordinator position was transferred from the Department of Planning and Development to become a Transportation Coordinator position within the Transportation Division of the Department of Public Works. The Board of Aldermen subsequently voted to make a change to City Ordinance Section 19-25, establishment of traffic council membership, to allow the employee whose job responsibilities include transportation planning to serve as a member of traffic council, as determined jointly by the commissioner of public works and the director of planning and development (the ordinance previously specified that the Traffic Council member whose job responsibilities include transportation planning must be located within the Planning Department). The following Traffic Council-related item is currently being held by the Public Safety and Transportation Committee, awaiting further recommendations from the Director of Transportation and Interim Director of Planning and Development:

- #309-14 ALD. JOHNSON requesting a discussion re changes that may need to be made to the membership of the Traffic Council to make it more effective, efficient, and representative of the community. [07/28/14 @9:20 AM] HELD 7-0 on 09/17/14

shall be permitted to park in any marked space on the first arrived basis until all marked spaces in the lot have been filled.

- (3) Resident stickers and visitor permits shall be issued by the police department to qualified applicants free of charge.
- (4) Resident stickers and visitor permits and ordinances governing their use shall be effective daily between the hours of 7:00 p.m. and 7:00 a.m. for municipal lot parking. All other parking and traffic regulations and ordinances of the City of Newton remain in full force and effect and must be obeyed by sticker or permit parkers.
- (5) All sticker or permit parking in municipal lots shall automatically be suspended upon the declaration of a snow emergency in the city by the chief of police or his designee.
- (6) Resident stickers and visitor permits will automatically be revoked if a motor vehicle ceases to qualify under this section, if the sticker or permit is applied to a vehicle other than the one so designated at the time of application, or if the applicant for a visitor permit ceases to qualify under this section.
- (7) For purposes of this section, all references to municipal parking lots or to municipal lots shall be deemed the equivalent of references to municipal off-street parking areas as may appear in chapter 19 of the Revised Ordinances or the traffic and parking regulations. References to municipal parking lots, municipal lots or municipal off-street parking areas shall not include any parking areas adjacent to Newton public schools or within school grounds.
- (8) Appeals from this section must be filed in writing with the board of aldermen within thirty (30) days of the police department's denial of an application for a resident sticker or visitor permit, which board shall be limited in its review to factual errors in information submitted to the chief of police or the police department or to whether the chief of police or police department's discretion was abused.

**Sec. 19-201. Resident sticker and visitor permit parking program.**

There shall be a resident sticker and visitor permit parking program in the City of Newton to govern parking of residents' and visitors' motor vehicles on designated city streets in restricted areas during designated times, as follows:

*A. Establishment of restricted area.*

- (1) One or more residents or property owners of the City of Newton, the chief of police or the commissioner of public works or his designee may petition the traffic council to establish, extend, reduce, modify or delete an area in which parking shall be restricted to vehicles displaying valid resident stickers or visitor permits for that area. In order for a resident's or property owner's petition to establish, modify or extend a restricted area to be considered by the traffic council, it must be submitted with signatures of one or more residents of each of at least fifty percent (50%) of the dwelling units located in the area in which parking restrictions are proposed. Such an area may be any portion or all of one or more streets, but the minimum proposed restricted area must be at least one street block in length, and any restricted area must be bordered only by properties the primary use of which is residential. In accordance with guidelines approved by the board of aldermen, the traffic council may consider a petition for a restricted area that is

not bordered only by properties the primary use of which is residential or for a restricted area that is less than one block in length. In addition, no petition for a restricted area will be considered unless alternative parking restrictions, such as time limitations or parking prohibitions, covering the entire proposed restricted area, have been in effect for at least one (1) year immediately prior to such consideration. Permit parking restrictions shall not be established for any period between 2:00 a.m. and 6:00 a.m.

- (2) Upon receipt of such a petition as specified above, the traffic council shall schedule a public hearing within ninety (90) days and notices of such hearing shall be sent to abutters and to those residents and property owners of record at all addresses within five hundred (500) feet of the proposed or existing restricted area. The traffic council shall not deny a petition because of defects in the notice procedure required by this section, unless a resident, property owner, or abutter has been prejudiced thereby.
- (3) In reviewing the petition, the traffic council shall consider the following criteria:
  - a) vehicular circulation and safety;
  - b) pedestrian safety;
  - c) lack of convenient off-street parking for residents of the area of the proposed restriction;
  - d) level of demand for on-street parking by nonresidents of the area of the proposed restriction, including analysis of probable displacement of nonresidential parking to adjacent residential areas if the proposed restrictions should be implemented;
  - e) extent to which existing and/or alternative parking regulations are ineffective to deal with parking problems in the area of the proposed restriction.
- (4) The traffic council may establish a restricted area only in an area where alternative parking restrictions, such as time limitations or parking prohibitions, have been in effect for at least one (1) year immediately prior to the petition. The traffic council shall review the effectiveness of the existing restrictions prior to establishment of a new restricted area.
- (5) Following the public hearing, the traffic council may adopt a regulation establishing, extending, reducing, modifying or deleting one or more areas, as related to the petition, in which parking shall be restricted to residents of the particular restricted areas during time periods to be established as part of such ordinance.
- (6) When adopting a regulation in accordance with (5) above, the traffic council shall determine whether residents of lots contiguous to a corner lot abutting the restricted area will be eligible to apply for a resident parking sticker. In making such determination, the traffic council shall consider the following criteria, in addition to the criteria listed in section (3) above: the number of dwelling units abutting the restricted area; the number of dwelling units on the contiguous lot; the number of on-street legal parking spaces available in the restricted area; the lack of convenient off-street parking for residents of the restricted area; and the lack of convenient off-street parking for residents of the contiguous lots. The traffic council may order that no more than one resident parking permit and one visitor permit be issued to dwellings units on eligible contiguous lots. Notwithstanding the foregoing, residents of a lot which is contiguous to the rear lot line of a non-corner lot bordering the restricted area will not be eligible for a parking permit.
- (7) Where, based on the criteria set forth in sections (3) and (6) the traffic council determines that the number of eligible dwelling units greatly outnumbers the available on-street parking spaces, the traffic council may limit the number of resident parking permits which will be made available to residents of the

restricted area and eligible contiguous lots and direct the chief of police to issue such permits on a first come first serve or on a lottery basis.

(8) This section shall not apply in neighborhood parking districts established pursuant to Section 19-202.

*B. Issuance of resident parking stickers:*

- (1) Resident parking stickers shall identify the restricted area to which they apply and shall be of a design specified by the chief of police. One such sticker for a restricted area shall be issued by the chief of police or his designee to an owner of a motor vehicle which is registered in the Commonwealth of Massachusetts, with a registered gross weight of under two and one half (2½) tons, which is principally garaged in the City of Newton at an address which borders a restricted area, or if deemed eligible by the traffic council, at an address which is contiguous to a lot that borders said restricted area, as established in accordance with subsection (a) above, which is owned or used by a resident of the City of Newton at said address, and which otherwise qualifies for issuance of a sticker under this section. Notwithstanding the foregoing, the owner of a motor vehicle principally garaged at a lot which is contiguous to the rear lot line of a non-corner lot bordering the restricted area will not be entitled to a sticker.
- (2) Upon establishment of a restricted area by the traffic council, the city engineer shall determine those addresses at which registered vehicles shall be eligible to receive resident parking stickers, and forward a list of such addresses to the chief of police and to the board of assessors. The board of assessors shall provide a description of the use at each address including the existing number of dwelling units as it appears in the assessing records, and forward that information to the chief of police.
- (3) Acceptable proof of residency in subsection (1) hereof will be either (A) a current registration certificate issued by the Registry of Motor Vehicles, Commonwealth of Massachusetts, stating the information required in subsection (1); or (B) a current registration certificate issued by the Registry of Motor Vehicles, Commonwealth of Massachusetts, accompanied by a Massachusetts Registry of Motor Vehicles "Change of Address Form", properly completed and stating the information required in subsection (1). The police department may require the Registry of Motor Vehicles "Change of Address Form" to be completed by the applicant and left with the department for mailing directly to the Registry of Motor Vehicles if there is any doubt as to the authenticity of the applicant's proof under subsection (3)(B). The Registry form must contain the information required in subsection (1).
- (4) The number of resident parking stickers issued to a resident at an eligible address shall be limited as follows: the maximum number of resident parking stickers for residents at eligible addresses shall be two (2) per dwelling unit. Motor vehicles not registered at the address shall not be eligible for a sticker. The number of such permits issued to residents of eligible contiguous lots may be further limited by the traffic council.
- (5) Other provisions governing resident sticker parking:
  - a) Resident parking stickers shall show the registration number of the vehicle to which it is assigned, the sticker's effective year, and the area in which it is effective.
  - b) The chief of police may establish rules governing the display of resident parking stickers.
  - c) Resident parking stickers shall expire on December 31 of each year.
  - d) Any outstanding fines for parking violations attributable to the motor vehicle for which a resident parking sticker is requested must be paid in full before said sticker is issued.

e) The fee for resident parking stickers shall be twenty-five dollars (\$25.00) per year per vehicle.

f) Notwithstanding the provisions of this section or any other provision in this chapter to the contrary, no penalty shall be imposed for the parking on any street designated as resident permit parking area of any vehicle owned and operated by a disabled veteran or handicapped person whose vehicle bears the distinctive number plate authorized by section 2 of chapter 90 of the General Laws or for the parking of any vehicle used to transport a disabled veteran or handicapped person who bears a properly displayed special parking identification placard as authorized by section 2 of chapter 90 of the General Laws.

g) A resident parking sticker does not guarantee a parking space will be available.

*C. Issuance of visitor parking permits:*

- (1) Visitor parking permits shall be distinguished by area, shall be transferable between vehicles, and shall be of a design specified by the chief of police.
- (2) Two (2) such permits for a restricted area shall be issued by the chief of police or his designee to any resident eligible for the issuance of resident parking stickers. Notwithstanding the foregoing, the maximum number of visitor parking permits shall be two (2) per dwelling unit. For residents of a dwelling unit in a restricted area in which there exists a home office or home occupation permitted as an accessory use by sections 30-8(c) and 30-9(2)(i) of the Revised Ordinances, the maximum number of visitor parking permits may be increased by one (1), unless the home office is that of a physician or dentist, in which case the maximum number of visitor parking permits may be increased by two (2). The number of such permits issued to residents of eligible contiguous lots may be further limited by the traffic council.
- (3) Visitor parking permits shall show the permit's effective year and shall expire on December 31 of each year.
- (4) Visitor parking permits will not be replaced if lost.
- (5) Visitor parking permits shall be issued to qualified residents free of charge.
- (6) The chief of police may establish rules governing the display of resident parking stickers.

*D. Exemptions:*

- (1) Visitor parking permits for a restricted area may be issued by the chief of police or his designee in such a number, and to such institutions, organizations, or persons, as the traffic council shall authorize in establishing permit-parking restrictions in accordance with subsection (a) above.
- (2) Such additional visitor permits shall be issued, where authorized by the traffic council, free of charge.
- (3) The chief of police or the chief's designee may, at his discretion and upon request of any resident at an eligible address, waive the permit parking restrictions in a restricted area for a limited period of time.

*E. Other provisions governing resident sticker parking and visitor permit parking:*

- (1) Applications for resident stickers or visitor permits shall be made on a form prescribed by the chief of police or his designee.
- (2) Resident stickers and visitor permits and ordinances governing their use shall be effective in locations and during hours established in accordance with subsection (a) above. All other parking and traffic regulations

and ordinances of the City of Newton shall remain in full force and effect and must be obeyed by sticker and permit holders.

- (3) Resident stickers and visitor permits do not authorize holders to park overnight in municipal lots.
- (4) All sticker or permit parking shall automatically be suspended upon the declaration of a snow emergency or any disaster in the city by the chief of police or his designee.
- (5) Resident stickers and visitor permits will automatically be revoked if a motor vehicle ceases to qualify under this ordinance, if the sticker or permit is applied to a vehicle other than the one so designated at the time of application, or if the applicant for a visitor permit ceases to qualify under this section.
- (6) Resident stickers and visitor permits if not properly affixed or displayed on the motor vehicle, shall be deemed to be of no effect.
- (7) The fee for issuance of a replacement resident parking sticker shall be two dollars (\$2.00).
- (8) No parking restrictions established hereunder shall be effective on legal holidays, on Sundays from 6:00 a.m. to 2:00 p.m., on Saturdays or on religious holidays on streets abutting any house of worship during hours of religious services at such house of worship, or during municipal or Newton Public Schools or Newton Community Schools events or functions in areas affected by said events or functions.
- (9) If any provision of this ordinance or the application of such provision to any person or circumstance shall be held invalid, the validity of the remainder of this ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.
- (10) This section, together with any amendments thereto, will be posted in the office of the city clerk. (Ord. No. S-155, 2-18-86; Ord. No. T-168, 9-3-91; Ord. No. T-169, 7-8-91; Ord. #### **Sec. 19-202. Neighborhood parking district program.**

The traffic council may, from time to time, establish neighborhood parking districts in an area comprised of contiguous streets where demand for on-street parking necessitates a comprehensive approach to managing parking. The traffic council shall establish rules and requirements particular to that district for the purpose of creating consistent parking regulations and equitably distributing parking impacts throughout the district. Such districts shall be published in the traffic and parking regulations.

##### *(a) Establishment of neighborhood parking districts.*

- (1) Following a public hearing, traffic council may establish a neighborhood parking district, and shall establish for each such district parking rules and regulations applicable within such districts, and may establish rules allowing for the issuance of resident, visitor and non-resident stickers and permits to override street regulations.

##### *(b) Issuance of neighborhood parking district parking stickers and permits.*

- (1) *Resident parking permits.* Upon establishment of a restricted area by the traffic council, the city engineer shall determine those addresses at which registered vehicles shall be eligible to receive resident parking stickers, and forward a list of such addresses to the chief of police and to the board of

assessors. The board of assessors shall provide a description of the use at each address including the existing number of dwelling units as it appears in the assessing records, and forward that information to the chief of police. Such resident parking stickers shall otherwise be issued and enforced by the chief of police in accordance with the provisions, regulations, and fee established in 19-201 B. (3), (4) and (5).

(2) *Visitor parking permit.* Visitor parking permits shall be issued as per section 19-201C.

(3) *Non-resident parking stickers or permits.*

- a) A limited number of non-resident parking stickers or permits may be made available for use on streets within a neighborhood parking district in accordance with such rules and regulations for that district. Traffic council may establish rules governing the maximum number of parking stickers or permits allocated to non-residents on each particular street, and rules related to where on the street a non-resident sticker or permit may be applicable, and which shall be included in the traffic and parking regulations.
- b) The chief of police may establish acceptable documentation required to obtain a non-resident sticker or permit.
- c) Non-resident parking stickers or permits shall be valid for a one year period. The chief of police may establish the month of the year in which the permit expires for any given neighborhood parking district.
- d) Any outstanding fines for parking violations attributable to the motor vehicle for which a non-resident parking sticker or permit is requested must be paid in full before said sticker is issued.
- e) Non-resident parking stickers or permits shall show the registration number of the vehicle to which it is assigned, the sticker or permit's effective year, and the area in which it is effective.
- f) Non-resident parking stickers or permits shall cost twenty five dollars (\$25.00) per year.
- g) Upon establishment of a neighborhood parking district by the traffic council, the city engineer or parking manager shall prepare a parking plan and report describing the non-resident parking permit or sticker rules applicable on a particular street, and shall forward these to the chief of police.
- h) The chief of police may establish rules governing the distribution of non-resident stickers or permits.
- i) The chief of police may establish rules governing the display of non-resident parking stickers or permits.

(c) *Exemptions.*

- (1) Visitor parking permits for a neighborhood parking district may be issued by the chief of police or his designee in such a number, and to such institutions, organizations, or persons, as the traffic council shall authorize in establishing permit-parking restrictions in accordance with subsection (a) above.
- (2) Such additional visitor permits shall be issued, where authorized by the traffic council, free of charge.
