Q7: Please tell us a little about yourself and why you are interested in serving on this committee.

I have been a resident of Newton since 2000, living in Newton Corner from 2000-2003 and in Newtonville since 2003. I am also a practicing attorney and maintained an office in Newton for a period of time during which I was active in the local business community. I love the City and the community and am raising my family here. I have always wanted to be involved in local government and the development and administration of City's policies and affairs.

I am applying to the ZBA, Newtonville Historic District Commission and the Economic Development Commission. Of the openings currently available in the City, I am most interested and best suited for these particular positions. With regard to the ZBA, I have experience representing clients in matters involving decisions of various ZBA's in the Commonwealth and am familiar with the provisions of chapter 40A. I am interested in contributing my time to the ZBA to see that the city's continuing development adheres to the provisions and spirit of the bylaws and that those bylaws are enforced fairly and impartially. With regard to the Newtonville Historic District Commission, I live in the historic district (my house was the second on Lowell Ave) and appreciate the distinctive historic character of its structures and agree with the importance of preserving that character. At the same time, I recognize the need for continued development and/or improvements to structures in the district and will bring a measured and reasonable approach to carrying out the Commission's objectives. With regard to the Economic Development Commission, as a resident and former business owner, I am in favor of continued initiatives to foster economic growth and development in the city in such a way that attracts new business and helps existing businesses, but also preserves the residential and bucolic characteristics of the City.

Business Experience

For in excess of thirty years, I have been providing business advice to corporate management, boards of directors, corporate counsel, and to my peers. My perspective on problem solving has been influenced by my work experience as an auditor and business adviser, as a workout and restructuring adviser, as an expert witness, and as the risk management leader for my Firm.

I was associated with PricewaterhouseCoopers (and its predecessor Coopers & Lybrand) between 1966 and 2002; I was a partner in the Firm for twenty-nine years. For the first twelve to fifteen years, I had responsibility for my Firm's providing audit and consulting services to my clients. In this capacity, I worked with large entities, start-ups, and those in between; I worked with public entities, closely held entities, and family owned entities. I helped my clients go public, acquire businesses, raise funds, sell their businesses, and to improve control of their operations. During the following ten years, I switched my focus to emphasize business reorganizations and restructurings (both within and without of bankruptcy proceedings), investigations of alleged fraud and financial misrepresentation, investigations of business claims and expert witness testimony related thereto. In this capacity, my clients were corporate management, trustees, lenders, and attorneys. The last seven years of my career were as the Firm's US leader for internal risk management matters. In this later capacity, I consulted with my partners as to business risks and our Firm's response thereto.

At all times as a partner in the Firm, one of my assignments was to help other partners think through difficult accounting and business problems.

Other Experience and Associations:

I commenced work with PricewaterhouseCoopers after having attained an MBA from Harvard Business School and a Bachelor of Science in Business Administration from Boston University. I am a Certified Public Accountant and a Certified Fraud Examiner.
