

# Memorandum

To: Members Zoning & Planning Committee  
From: Brian Yates, Chairman  
Re: March 12, 2007 Meeting Cancellation  
Date: March 9, 2007

---

I am cancelling next Monday's Zoning & Planning Committee meeting because the Historical Commission and the Law and Planning Departments are still reviewing amendments proposed to the demolition delay item.

However, with the pending workload I expect the Committee will be busy well into summer with four public hearings scheduled for March 26, follow up discussions, the Inspectional Services and Planning budgets on April 30, and, since the Planning & Development Board has completed its review and recommendations, a public hearing and discussion on the *Draft Newton Comprehensive Plan*.
