## Mayor's Update

Here are the unofficial results of today's Northland referendum (note that results from Ward 3 Precinct 2 are still being updated as of 10 p.m.).

Newton voters tonight passed the Northland measure by 5,052 votes, 18,450 to 13,398, or 58 percent to 42 percent, according to unofficial election results. Thus, the Northland project will move forward as approved by the City Council.

YES 18,450  
NO 13,398

I am continuously struck by the deep love we all have for our city. People who care deeply about Newton spoke on both sides of this issue. Let's treat our neighbors with respect during discussions about Newton's future and ascribe good intentions and good motives to all.

Stay tuned for another email shortly with the Presidential Primary results.

Warmly,

Ruthanne
