

Work in Progress

NEWTON HIGHLANDS

MBTA COMMUNITY MEETING

MEETING DATE

Thursday, November 15, 2018

6:00 PM

MEETING LOCATION

Women's Club of Newton Highlands

72 Columbus Street

Newton, MA

MEETING AGENDA

The meeting is being held to discuss proposed improvements to the MBTA Newton Highlands Green Line Station located between Hyde Street and Walnut Street in Newton Highlands. The project will improve pedestrian accessibility to the station by reconstructing the existing ramps from both Walnut Street and Station Avenue. A new pedestrian ramp is proposed from Hyde Street to the "Inbound Platform" side of the tracks. All ramps will be reconstructed to comply with Massachusetts Architectural Access Board (MAAB) and the Americans with Disabilities Act (ADA) regulations. All ramps will be covered with steel canopies. The inbound and outbound station platforms will be reconstructed to raise the height of the platforms by approximately 8-inches to provide easier access to MBTA Green Line cars. The project also includes, new lighting on platforms and ramps, a new covered bike rack, benches and trash receptacles.

If you have a disability and need an accommodation to fully participate in the meeting, American Sign Language interpreters, assistive listening devices, and /or handouts in alternate formats, please submit your request to Trish Foley at 857.368.8907 or email trish.foley@state.ma.us at least 7 days prior to the meeting.
