

Dedham Street-Nahanton Street-Brookline Street-Carlson Avenue

In anticipation of forecasted construction activity associated to the (Dedham Street/Nahanton Street/Brookline Street/Carlson Ave) intersection improvement project, please see below for construction updates. Updates will be provided weekly, or as needed, for notification of upcoming work and project milestones.

Week of November 26th:

- Set drainage structures (catch basins) in travel way
- Tree removals on Carlson Ave
- Exploratory digging (test pits) on traffic island at Dedham/Brookline
- Set curb on north limit of Dedham Street

Week of Dec 3rd:

- Additional drainage work; install structures and conduit crossings

General:

- Construction is reserved for off-peak travel hours, typically 9:00 AM – 3:00 PM
- Expect lane closures and delayed travel through the project limits during construction hours
