

# PETITION

We, the undersigned residents of the City of Newton do hereby declare that:

We support CAN-DO'S application for Community Development Block Grant Funds (\$189,690); HOME Funds (\$119,603) and community housing funds from the Community Preservation Committee (\$471,117) for its 10-12 Cambria Road Project. The project will create 2 rental units to provide housing for homeless families. We recognize that it is necessary to provide this amount of public funds in order to set rents at an amount affordable to homeless families. We believe that Newton should use its federal and local housing funds to help families move out of shelters/hotels/and motels into permanent housing. Given the current housing market in Newton, in order to preserve the economic diversity of Newton it is necessary to expend this level of public funding..
