Subject: CPC application for NH LHD consultant

Hello Alice,

I met with members of the Newton Highlands Area Council (including Bob Burke) and volunteers assembling the preliminary study report for the proposed Newton Highlands Local Historic District.

Bob confirmed that the Area Council's fundraising and volunteer labor adequately cover their needs for preparation of study report for this new district.

The Planning Dept. therefore no longer plans to submit a CPC application to fund a consultant to write the study report. I've copied Bob on this email.

Thanks for all your help Alice,

Katy
