

HELP TO CREATE A PLAN FOR LANDSCAPE PRESERVATION IN NEWTON

The Planning and Development Department is working with a team of consultants to develop an inventory of historic landscapes that are important to Newton. Heritage landscapes are those special places and spaces that help define the character of a community and reflect its past. Heritage landscapes come in many forms, including:

- Cemeteries
- Estates
- Parks
- Farms
- River corridors
- Scenic roads

The inventory will be used to create a "reconnaissance report" that lists identified landscapes and recommendations for their preservation. The report will be used to plan and guide landscape preservation in the city.

Please join us at one of the following community meetings to nominate Newton landscapes that are important to you!

- September 9, 7 p.m., Mason-Rice Elementary School Auditorium
- September 11, 7 p.m., Shuman Community Center
- September 17, 7 p.m., Cabot Elementary School Gymnasium
- October 1, 7 p.m., Burr Elementary School Library
