the direction of the Selectmen, to relieve the necessities of discharged and returned soldiers.

VOTED, that the sum of two thousand dollars be appropriated, to pay, under the direction of the Selectmen, for the recovery and burial of deceased soldiers, including what they have already paid for said services.

VOTED, that the sum of one thousand dollars be appropriated for the support of the families of those in the Navy from our town, under the direction of the Selectmen.

The Records of the town show that from year to year, as long as the war continued, with ever watchful eye and tender care the citizens, in their corporate capacity, as well as individually, stood ready to detect and meet every new emergency. At a town meeting held August 7, 1863,—

VOTED, unanimously, that the balance of money which was appropriated to families of Volunteers, at a former meeting, be now appropriated to the families of drafted men also.

VOTED, that the Treasurer of the town be authorized, if in the judgment of the Selectmen it may be necessary, to borrow for the use of the town, five thousand dollars, to be appropriated by the Selectmen to the families of the soldiers from Newton.

VOTED, that the Selectmen be authorized to use as much as may be needed of the funds heretofore appropriated for the use of the families of deceased Volunteers, for the use of the families of deceased and disabled soldiers from Newton.

In the midst of the war, a movement was made in town meeting, with reference to the erection of a Soldiers' Monument, and Newton was one of the first towns in the Commonwealth, if not the first, which made such provision to honor the memory of her fallen heroes. In the town meeting held November 3, 1863, Hon. J. Wiley Edmands offered the following motion, which was at once carried:

That a part of the Cemetery land owned by the town shall be so disposed of by the Selectmen as to secure for the Soldiers' Monument a lot properly graded, that may be selected by the committee on the erection of the Monument.

On the 7th of March, 1864, the town voted to appropriate \$15,000 for aid to families of Volunteers; and April 4th, \$23,000, to meet the expenses that may be incurred the coming year in raising Volunteers and filling the town quota. August 5th, \$20,000 additional were voted to pay bounties and other expenses of

Number of weeks' board of poor, 861, which is a fraction more than \$1.52 per week for each. Exclusive of interest on Farm, it is a fraction more than 66 cents per week for each person.

SOLDIERS' MONUMENT

Erected July 23, 1864.

THE SOLDIERS' MONUMENT.

At a Town Meeting of the inhabitants of Newton, held on the 7th day of August, A.D. 1863, a committee was chosen with authority to erect a Monument to the soldiers of Newton who had fallen in the war of the Rebellion.

In order that all might share in this grateful tribute, a donation of one dollar was solicited from each inhabitant; and nearly twelve hundred dollars were received from this source. More than eleven hundred children of the public schools contributed each one dime; and the remainder necessary to construct the Monument, to grade and surround the lot with a suitable curb-stone, together with the erection of an appropriate entablature, has been cheerfully contributed by the generous friends of the soldiers in the Town.

The Monument itself, with the entablature, cost	\$3,975 50
The curb-stone and posts	1,245 00

The work has been completed at an expense of \$5,220 50

It stands in the cemetery, upon a lot of land given by the Town. The Trustees of the Cemetery Corporation are to keep the grounds in good order and condition. The Monument is an octagonal shaft of Quincy granite, resting upon a die and plinths of the same material, and is twenty-eight feet in height. Upon the front of the die are inscribed the words, "*In Memoriam Perpetuam.*" Near the Monument is the entablature, on which is carved the motto "*Pro patria mortui sunt,*" bearing the names of fifty-seven brave men of Newton, who offered up their lives in the cause of Freedom and the Union.

In the erection of this Monument, our patriotic citizens have gracefully performed a grateful public duty; and the work will stand as a perpetual honor to the brave heroes who have fallen, and to the noble spirit of our people.
