Newton Boundary

Property Boundaries

1" : 118.8'

The information on this map is from a digital data base accessed using the Newton Geographic Information System (GIS). Newton cannot guarantee the accuracy of the information contained on this map. Each user of this map is responsible for determining its suitability for his or her intended use or purpose. City departments will not necessarily approve applications based solely on GIS data. Applicants for city permits and approvals must contact the relevant city department for applicable requirements. City staff correct errors in these data as they are identified. Newton's GIS Administrator maintains records regarding the source materials and methods used to create the digital data and will disclose this information upon request.

DATA SOURCES (Not all sources apply to this map)
Parcel boundary compiled on 1975 1:250,000 orthophoto base map. Building
footprints and edge-of-parkment from Digital Elevation Model as 1991 aerial photo
georeferenced. Roads and streets from 1991 aerial photo. Thematic data (e.g., zoning, land
use) are from the Assessor's CAD database.

The information on this map is from a digital data base accessed using the Newton Geographic Information System (GIS). Newton cannot guarantee the accuracy of the information contained on this map. Each user of this map is responsible for determining its suitability for his or her intended use or purpose. City departments do not necessarily coordinate their maps or rely on City data. Applicants for city permits and licenses must inquire of the relevant city department for applicable requirements. City staff correct errors in these data as they are identified. Newton's GIS Administrator maintains records regarding the source materials and methods used to create the digital data and will disclose this information upon request.

DATA SOURCES: (Not all New England apply to this map)
Parcel boundaries compiled on 1979 1:200 orthophoto base map. Building footprints and edge-of-paved areas from the Esri Global Dataset based on 1997 aerial photography. House numbers are taken from the building footprint. Some parcel boundaries from subdivision plans. Thematic data (e.g., zoning, land use) are from the Assessor's Cadastral Database.
