RMV 60 Day Extension of Driver's License

The Massachusetts RMV is taking an important step following Governor Charlie Baker's declaration of a State of Emergency the week of March 9th and to complement the work that has been underway for weeks across state government to keep residents safe and healthy.

Due to the recent activity surrounding COVID 19 (Corona Virus), the RMV is seeking to reduce customer visits in our Service Centers and AAA offices and will do this by extending the expiration date of certain credentials.

All Class D and Class DM driver's licenses, ID cards, and Learner's Permits that have expired or are expiring between March 1, 2020 and April 30, 2020, will have a 60 day extension applied to the current expiration date.

- This deadline extension will not apply to customers with Commercial Driver's Licenses (CDLs) or those whose end of stay in the United States is the same as the expiration date on their driver's license, ID card, or Learner's Permit.
- The RMV will implement this 60-day extension to the current expiration date for Class D, Class DMs, ID cards, and Learner's Permits within the RMV system the week of 3/16 – all people with expired/expiring credentials physically dated between March 1, 2020 and April 30, 2020, will have an active status within the RMV system with extended expiration date. For example, if the credential expires on April 15, 2020, the RMV system will extend the expiration to June 15, 2020 and display the same. The credential in possession will have the 2020 expiration date as the RMV is not sending updated credentials for the 60-day extension.
- This does not apply to vehicle registrations at this time. Most vehicle registrations can be renewed online at [Mass.Gov/RMV](https://www.mass.gov/rmv).

Any questions should be directed to the RMV.
