Mete yon atik pou kouvri figi w kòrèkteman

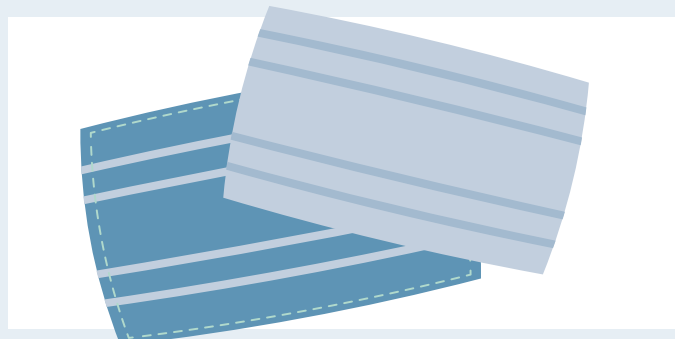

Itilize nenpòt bagay ki kouvri nen ak bouch ou.

Kite mask chirijikal yo ak N95 yo pou travayè swen sante yo.

Mask yo ta dwe adapte sere sou figi a, tache li ak bann tisi oswa fisèl ki pase dèyè zòrèy, epi ki pa anpeche respire.

Atik pou kouvri figi ta dwe gen plizyè kouch.

Mask oswa atik pou kouvri figi w ta dwe kapab lave nan machin-a-lave epi seche.

Manyen sèlman bann twal pou tache mask la oswa fisèl ki pase dèyè zòrèy, pa touche devan mask la epi lave men ou après.
