Councilors:

I respectfully submit a docket item to your Honorable Council requesting authorization to transfer the sum of \$400,000 from Acct # 0110498-579400 - Reserve for Snow & Ice Removal to the Forestry Division of the Parks, Recreation & Culture Department to cover the costs of the three wind events that we have experienced thus far in this fiscal year.

On August 4, 2020, the City experienced a wind event caused by Tropical Storm Isaias. Several hours of wind gusts over 40 mph caused nearly 400 reported tree issues and left behind over 3,500 cubic yards of debris. Storm response peak staffing included 6 Bucket Trucks and 5 Log Loaders (in-house and contractual). Total cleanup costs for this storm were just under \$285,000.

On September 30, 2020, we experienced our second wind event this fiscal year. Although it was far less expensive than the August 4<sup>th</sup> storm, cleanup costs totaled \$78,000.

On October 7, 2020, we experienced yet another significant wind event. Although the duration of this storm was very short, the damage was severe. Nearly 400 tree issues were reported, including the loss of more than 30 whole trees and left behind over 3,000 cubic yards of debris. Storm response peak staffing included 5 Bucket Trucks and 4 Log Loaders (in-house and contractual). Total cleanup costs for this storm amounted to \$282,000.

At this time, I am requesting that the \$400,000 be transferred as follows:

<u>To Account #</u>	<u>Description</u>	<u>Amount</u>
0160253-513010	Regular Overtime	\$ 50,000
0160253-524300	Forestry/Tree Services	\$ 350,000

Thank you for your consideration of this matter.

Sincerely,

Ruthanne Fuller  
Mayor

REGULAR OVERTIME - 0160253 513010 -- \$24,000

FORESTRY/TREE SERVICE - 0160253 524300 -- \$258,000

Dear Mr. Yeo, Chief Mintz and Commissioner Lojek:

Newton has had a leaf-blower ordinance as part of the noise ordinance for over three years. Unfortunately, landscaper compliance, especially over the summer, has been rare, with gas-powered leaf-blowers the rule rather than the exception. Even now, the large machines – as opposed to the 65 Db limited ones – are still in use.

The members of the Programs and Services Committee have been looking for ways to improve compliance as neither the Police nor ISD have the personnel to be able to respond to all complaints, as they have other duties, and when they can, enforcement is often difficult because the current ordinance provides that the operator responsible, and it is difficult to determine if the operator has been a violator before – even if the operator is employed by the same contractor.

After an initial discussion earlier this year about possible remedies, Councilor Baker and Deputy City Solicitor Lawlor investigated the practices in Brookline which has two features Newton does not – landowner responsibility and a registry for those firms using leaf-blowers. Building on the Brookline model, they brought to the Committee on September 16 their recommendations. Those are more particularly set out in the redlined version of the current ordinance, attached. In summary, however, they effect no change in the basic rules of operation – except to clarify that electric leaf-blowers need to comply with the same hours of operation, an ambiguity in the current ordinance. What is added, however, are provisions that would

- Make the leaf-blower contractor responsible for the acts of its employees;
- Make the property owner responsible for violations by those it engages to do the work;
- Require all commercial leaf-blower operators to apply for a permit from ISD, as it currently shares the enforcement authority with the Newton Police. That application would in turn obligate the operator to affirm their understanding of the applicable rules;
- ISD would have the power to issue regulations implementing the ordinance, and charge a small fee (\$25) to cover the cost of the application;
- Makes commercial operation of a leaf-blower without a permit a civil ticket offense;
- Provides that multiple violations of the rules can lose permitted status;
- Provides that ISD would maintain a list of operators which have been granted a permit, from which violators can be removed.

As we would like to bring the ordinance back to the Committee for final review, we wanted to share this background and this draft with you for your comment and suggestions. We recognize that there is no perfect system of assuring compliance, but the Committee feels that these changes would in the long run reduce the amount of time spent by both ISD and the Police on enforcement as well as enhance compliance and therefore the quality of life in Newton.

We would be grateful if you would respond with any comments or suggestions in writing to me, Councilor Baker, and Associate City Solicitor Lawlor by the close of business on Friday, September 24 so that we can review them and take them up at the next meeting of the Committee on October 6. We also invite you to attend the discussion that evening.

Thank you,

Councilor Josh Krintzman, Chair, Programs and Services Committee.

The mayor or his designee shall establish appropriate procedures for the processing of requests for such extensions of time, including such hearings as the mayor or his designee deems appropriate.

(j) *Judicial Review.* Any person aggrieved by the grant or denial of a permit pursuant to subsection (h)(1) or an extension of time pursuant to subsection (h)(2), or a suspension or revocation of a commercial leaf blower operator permit pursuant to subsection (h)(7) may seek relief therefrom by a civil action in any court of competent jurisdiction as provided by the laws of the Commonwealth of Massachusetts.

The civil penalty for each such violation is set out in Sections 17-23(c) and 17-23(d).
