**Zoom Community Meeting
for Community Input on the
Trial of the Eastbound Bike Lane on Washington Street
from Kempton Place to Lowell Avenue
Thursday, October 15, 2020 @ 6 PM**

You may have noticed the new bike lane that was painted yesterday along newly paved Washington Street. The bike lane is being implemented on a temporary trial basis during this period of lower parking demand due to COVID-19 and higher biking activity. This section of Washington Street will be closely monitored and reviewed to understand the parking demand on this section of Washington Street and bicycle utilization and safety.

The goal of the bike lane is to improve safety for bicyclists, student cyclists and experienced riders on this stretch of Washington Street while having sufficient parking.

We look forward to coming together over the winter to determine whether to continue the pilot and to explore other options. These discussions will include community meetings and public meetings with the City Council and/or Traffic Council

A Zoom Community Meeting is scheduled for Thursday, October 15, 2020 at 6 PM.

Below is the Zoom invite for the meeting:
