Subject: Special Permit Support (#144-20)

[DO NOT OPEN links/attachments unless you are sure the content is safe.]

Dear City Clerk Khan,

This email is in support of Special Permit #144-20, a request by Anders and Hilary Bialek to extend the nonconforming rear setback at 16 Crehore Drive in Newton Lower Falls. We reside directly across the street at 12 Goff and witness seasonally the parking challenges they face having 2 automobiles. The Bialeks and their 2 sons are wonderful highly responsible neighbors and have been an attribute to our neighborhood since moving here.

The reconstruction of there existing garage space will certainly make their live's easier and we hope that along with us the City of Newton will see it the same.

Respectfully,

Dr Shelly and Barbara Isaacs
