

To Whom It May Concern,

My name is Stephen Grabow and I live at 15 Sumner Street. I'm writing in support of Andrew & Xiujuan Salzman's application for a special permit for their building plans at 12 Sumner Street. I've had the chance to review the proposed addition and spoke with Andrew about the project. I approve of the plan and application for the special permit. I think the addition fits in with the other buildings in the neighborhood and changes the wasted space in the attic into something useful. The Salzman family has been a welcome addition to the community and I support their application for a special permit to create more space for their growing family.
Thank you,

Stephen Grabow

I am writing in regard to the proposal to develop the attic at 12 Sumner Street. I have examined the architectural plan. The proposed dormers seem to me unobtrusive. I have no objection to the plan.

That building is one of eight buildings (including my own) of similar design along Sumner, Ward, and Wessex Streets. Several of them have already developed their attics in similar fashion and it is hardly noticeable. The proposed development will have no significant effect on the overall aesthetics of the neighborhood.
