Re: 10-12 Sumner Street, Newton Center

To Whom it may concern,

I understand Andrew Saltzman of unit 12 Sumner Street is requesting a special permit for a top floor addition to his unit. I own 10 Sumner Street and hereby give permission for the special permit with the understanding that plans do not change without my knowledge and written consent.

In my discussions with Mr. Saltzman and his architect, I made note that if any building conditions need updating by code, that he will be 100% responsible for any costs for upgrades.

Best,
