Dear Jane,

I have further reviewed my plans and reduced the size to fall within the City's FAR regulations. These plans have been submitted to ISD, however, they tell me that as long as the Special Permit process is active, they cannot allow me to move forward.

It's been a long and educational journey for me, but I hereby withdraw my application for a Special Permit for this project.

I thank you for your effort.

Sincerely,

John R. Shields, FAIA
