

Preliminary COVID-19 Data

City of Newton, MA

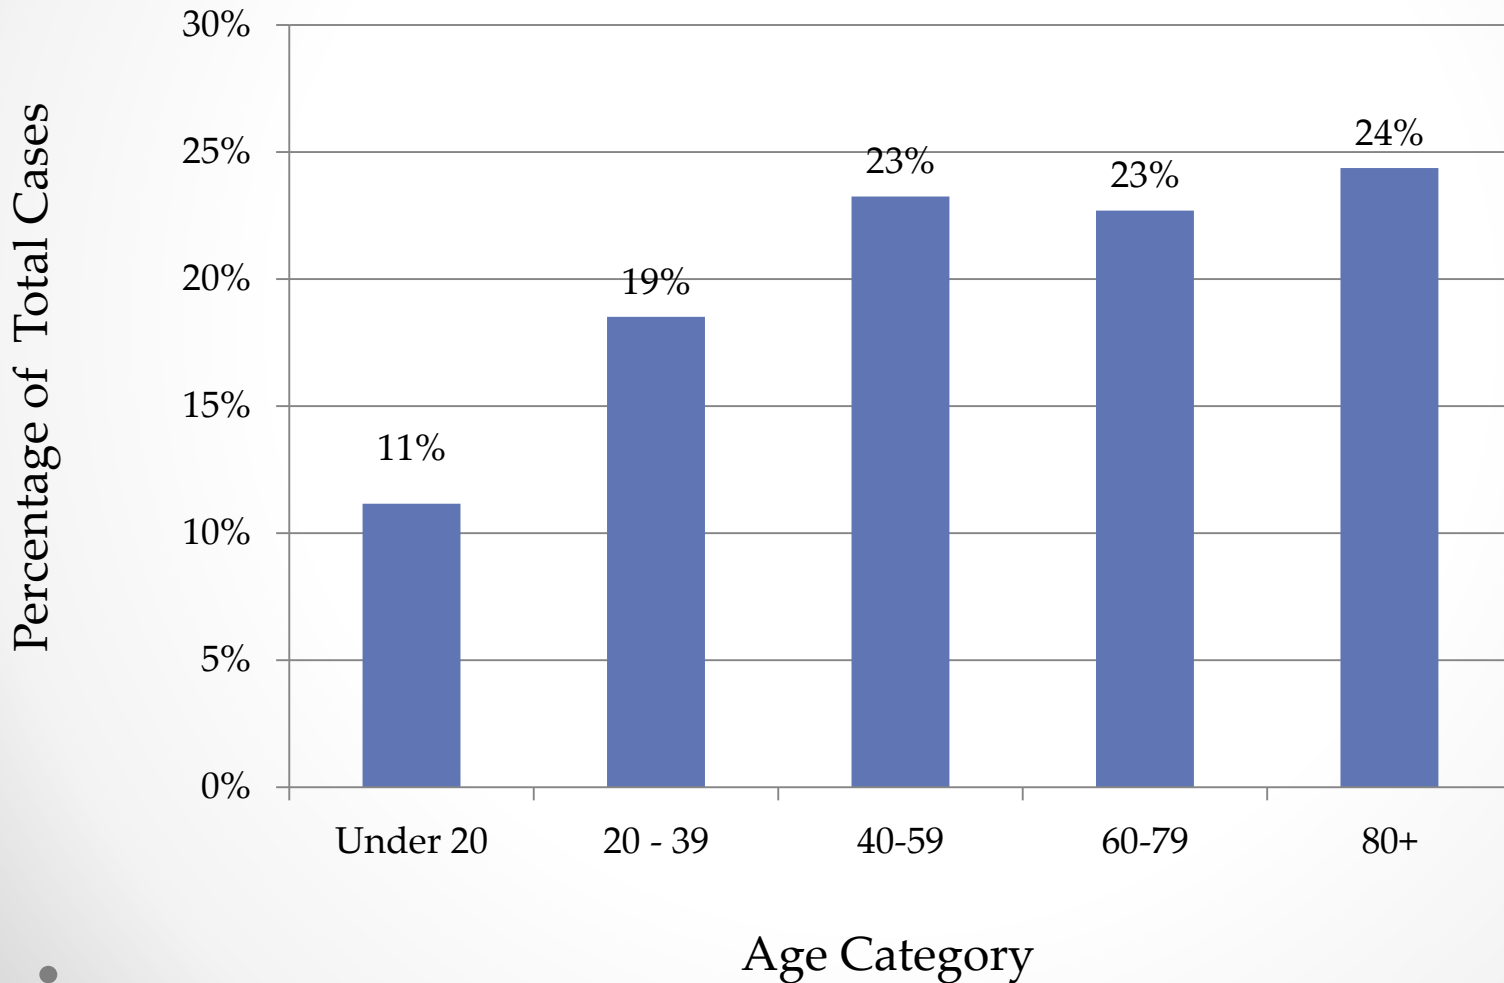

Public Health
Prevent. Promote. Protect.

**City of Newton
Health and Human Services Department**

Data Notes

- All data is current through the date indicated at the bottom of each slide.
- Data is preliminary and is updated as additional information about cases is acquired.
- Massachusetts data is sourced from the COVID-19 Data Dashboard posted by the Massachusetts Department of Public Health [here](#).
- These reports are provided periodically and include information not already reported on the city's COVID-19 data [website](#).
- Starting with this report, the cases by month graph is by test date instead of symptom onset/test date.
