

CITY OF NEWTON  
IN CITY COUNCIL

October 16, 2017

ORDERED:

That the City Council, finding that the public convenience and welfare will be substantially served by its action, that the use of the site will be in harmony with the conditions, safeguards and limitations set forth in the Zoning Ordinance, and that said action will be without substantial detriment to the public good, and without substantially derogating from the intent or purpose of the Zoning Ordinance, grants approval of the following SPECIAL PERMIT/SITE PLAN APPROVAL to further extend a nonconforming front setback and further increase the nonconforming floor area ratio from .50 to .55, where .40 the maximum allowed the maximum allowed by right, as recommended by the Land Use Committee for the reasons given by the Committee, through its Chairman, Councilor Marc Laredo:

1. The proposed extension of the nonconforming front setback is not substantially more detrimental than the existing setback is to the neighborhood because the addition will not encroach any farther into the setback than the existing structure (§3.1.3 and §7.8.2.C.2).
2. The proposed increase in the nonconforming floor area ratio is not substantially more detrimental than the existing floor area ratio is to the neighborhood and the structure will be consistent with and not in derogation of the size, scale, and design of other structures in the neighborhood because the addition will add 518 square feet which is contained to the first story of the dwelling (§3.1.9 and §7.8.2.C.2).
