Re: 24 Wilde Road
Newton, MA
File No. 123

RECEIVED
Newton City Clerk
2015 MAR 31 AM 10:22
DAVID A. P...
Newton, MA
02459

To Whom it May Concern:

This is to certify that the house and retaining walls built at 24 Wilde Road, Waban, MA 02468 conform to Condition #1 of the Special Permit, petition number #211-12(2), as follows:

- a. --
- b. Retaining Wall Elevation. Due to a substantial lowering of grade of the adjacent property at 34 Wilde Road when it was redeveloped, most of the retaining walls approved were not required. The sole remaining wall requiring a Special Permit was that at the head of the driveway, which was constructed in conformance with the Permit.
- c. Retaining Wall Section. This wall was not constructed, due to the aforementioned grade change of the adjacent property.
- d. Exterior Elevations. The house was constructed in accordance with the submitted plans.

Conditions (a), the Site Plan, and (e) the Landscape Plan, are not within my purview, although I understand that the as-built plan prepared by Everett M. Brooks Co. has been submitted to the City, and that the Planning Department has inspected the landscaping.

Very truly yours,

Evan L. Hankin, P.E.
