

**CITY OF NEWTON
DEPARTMENT OF PUBLIC WORKS
ENGINEERING DIVISION**

MEMORANDUM

To: Alderman Mark Laredo, Land Use Committee Chairman

From: John Daghlian, Associate City Engineer

Re: Special Permit – 29 Wedgwood Road

Date: July 10, 2014

CC: Lou Taverna, PE City Engineer
Linda Finucane, Associate City Clerk
Alexandria Ananth, Chief Planner
Dan Sexton, Sr. Planner

In reference to the above site, I have the following comments for a plan entitled:

*Plan of Land
in
Newton, MA
29 Wedgwood Road
Prepared by: Everett M. Brooks Company
Dated: May 12, 2014*

Executive Summary:

The plans indicate an existing garage will be razed and a new larger garage will be constructed and expanded driveway. The new increase of impervious surface is under the 400 square foot threshold, therefore no on-site drainage improvement is needed.

If the interior of the house is gutted or renovated, then the water and sewer service will have to be updated.

General:

1. All trench excavation contractors shall comply with Massachusetts General Laws Chapter 82A, Trench Excavation Safety Requirements, to protect the general public from unauthorized access to unattended trenches. Trench Excavation Permit required. This applies to all trenches on public and private property. *This note shall be incorporated onto the plans*
2. All tree removal shall comply with the City's Tree Ordinance.
3. The applicant will have to apply for a Building Permits with the Department of Inspectional Service prior to any construction.
4. Prior to Occupancy Permit being issued, an As-Built Plan shall be submitted to the Engineering Division in both digital format and in hard copy. The plan should show all utilities and final grades, any easements and final grading. *This note must be incorporated onto the site plan.*
5. If a Certificate of Occupancy is requested prior to all site work being completed. *This note must be incorporated onto the site plan.*

Note: If the plans are updated it is the responsibility of the Applicant to provide all City Departments [Conservation Commission, ISD, and Engineering] involved in the permitting and approval process with complete and consistent plans.

If you have any questions or concerns please feel free to contact me @ 617-796-1023.
